Hi Stephen,

I was at the public hearing last evening and I noticed that several residents had contacted the City of Lake Elmo via email to state that they would like to see something done with the 20th Street in regard to a walking path. I too would like to see something done with that. I live at 11040 20th Street —corner of Lake Elmo Avenue and 20th. Could you add my request to the others and note in minutes? One of the resident who make the request was Karen Cook.

Many thanks!
