

**Falcon Heights Council Workshop Minutes**  
**June 29, 2011**

**Members present:** Mayor Lindstrom, Council members Long, Harris, Gosline and Mercer-Taylor, Councilmember Gosline

**Members absent:** None

**Others present:** Administrator Justin Miller, Assistant to the City Administrator Michelle Tesser, Judy Connolly (Human Rights Commission)

**Domestic Partner Ordinance**

Assistant to the City Administrator Tesser and Connolly updated the city council on the Human Rights Commission's work relating to a proposed domestic partner ordinance. They answered several questions from the city council, and reviewed the key points that the commission was recommending be included in the ordinance. The council agreed with most of the recommendations and directed staff to work with the city attorney to prepare an ordinance to be placed on a future city council agenda.

**2011-2012 City Council Goals Discussion**

The council reviewed the existing goals and determined which could be eliminated due to being completed or no longer appropriate. They also added their goals for the year and directed staff to bring them forward to a city council meeting for formal approval. The council also expressed interest in simplifying the layout of the goals, including a way to highlight the top five or so goals that the city council wishes to address in the coming year.

The workshop concluded at 9:05 p.m.

Respectfully submitted,  
Justin Miller  
City Administrator
