**1) Discussion on the process of appointing members to City Commissions.**

Council and staff discussed the possibility of formalizing the process for appointing City commission members. Council directed staff to come back with a plan for review that would include appointments being made one time per year (at the end of the year), incorporating an interview process and incorporating a new member orientation. Staff will bring back a plan to a future meeting for further discussion.

**2) Discussion on future staffing of City Hall.**

Council and staff discussed the fact that there will be a few retirements on the City staff in the next few years. Initial discussions were had regarding how best to replace and utilize these positions.

The workshop concluded at 8:04 p.m.

Respectfully submitted,
