McCarron's Water Treatment Plant

- Construction started in mid-1910s
- Backbone of the facility built by 1925
- Additions in the late 1930s and 1950s
- Much of the infrastructure is nearing 100 years in age
- Facility still produces excellent water quality

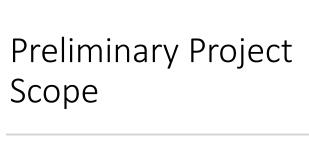

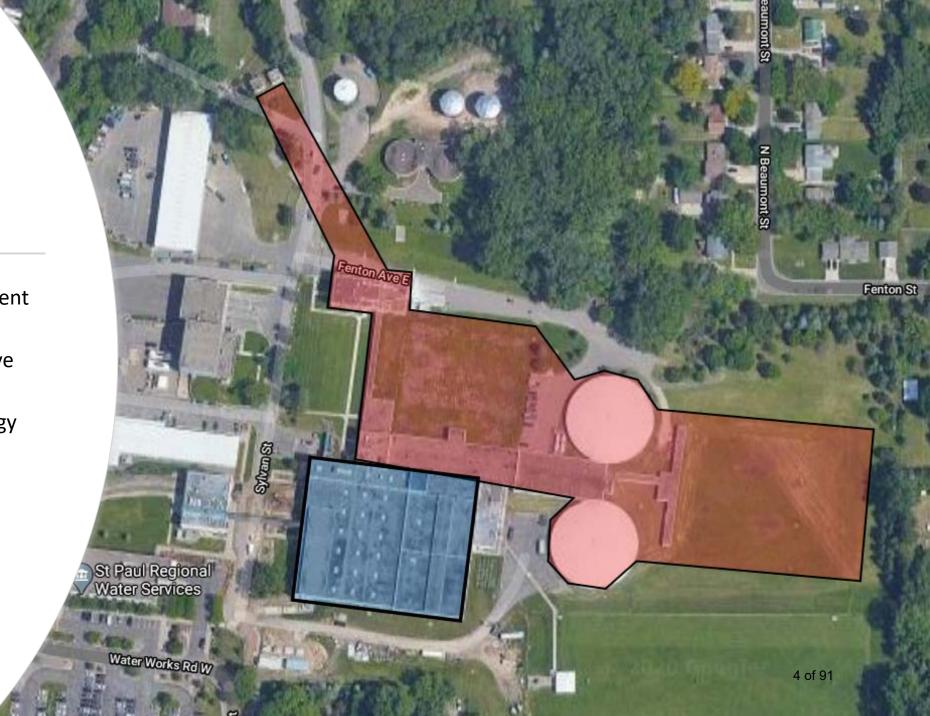

Why Now?

- Proactive approach to infrastructure
- Improve reliability
- Improve capacity to handle contaminants of emerging concern
- Reduce footprint and improve future flexibility
- Current interest rates

- Replace approx. 2/3 of treatment process
- Reduce site footprint improve future flexibility
- Add new, equivalent technology plus ozone

Public Relations

Water Quality improvements

Taste changes unlikely to be very noticeable

General Public – mailers, website, possible media coverage

Businesses that depend on water quality – more extensive coordination

Effect on future water rates

Financial Impacts

- Overall, rates are expected to increase approximately 25% over the duration of the project
- Costs remain less than a penny per gallon of water
- Rates remain below average nationally when compared to similarly sized drinking water providers
- Proactive approach and interest rates help ensure that customers are getting good value for their money.

Average SPRWS Customer (4,200 gal./month)

Year	Avg. Monthly Bill
2021	\$26.09
2022	\$28.43
2023	\$30.99
2024	\$32.70

Note: These values are projections. Actual rate increases will depend on water consumption patterns. Also, these projections are conservative as they assume that fees will increase at the same rate as per unit charges.

Comparison: Bottled Water from Aldi

3.17 Gallons at \$3.29
Price Per Gallon = \$1.04
Bottled water is 135 times more expensive than projected 2024 rates

- C. PRESENTATION
- D. APPROVAL OF MINUTES:
 - 1. January 13, 2020 City Council Regular Minutes

Motion by Council Member Leehy; Approved, 5-0.

- E. PUBLIC HEARINGS:
- F. CONSENT AGENDA:
 - 1. General Disbursements through: 1/19/21 \$138,523.31 Payroll through: 1/15/20 \$19,796.85

Motion by Council Member Wehyee to rescind approval of the rental license for 1758 Maple Court at the request of City Administrator Thongvanh;

Approved, 5-0.

Administrator Thongvanh

I want to introduce the Council to Vandara Thammavongsa. Vandara has a degree from St. Thomas and has spent the last 3 years with the City of Burnsville Police Department.

Vandara Thammavongsa

Thank you for the opportunity, I am excited to work for the City. I look forward to meeting each of you.

G: POLICY ITEMS:

1. Amber Union Tax Increment Financing (TIF) Request - Calling for Public Hearing

Administrator Thongvanh

A resolution is included in your packet for a public hearing on the TIF request by Amber Union. The project received funding from the Met Council for about 1 million, state bonding for more than 23 million, and for DEED for 150k.

The next step will require a public hearing on the proposed adoption of a modification to the development program for District No. 1, the proposed establishment of TIF District No. 1-4. The public hearing will be via Zoom.

Council Member Leehy

I am wondering if we can have the schedule of the events on our City Calendar.

Administrator Thongvanh

I am working with our Community Development Coordinator, Paul Moretto, on a landing page for this project that people can use to find information on our website.

Peter Deanovic, Buhl Investors

We are grateful to have received funding. We will continue to press towards bringing this asset back to being a viable part of the community.

Council Member Andrews

Would it be possible to include some of the meetings as part of our regular Council meetings?

Peter Deanovic, Buhl Investors

From my experience, the meetings are best done during the day when we have a contractor on site.

Administrator Thongvanh

The purchase was previously owned by TIES and it was a non-taxable jurisdiction. Once Buhl Investors purchased the property, it is taxable. In 2021, the City will be receiving 16,000 in taxes which is 16K more than we have received. Under a TIF agreement, Buhl investors will still pay the base amount but any increment over that will be reimbursed for the duration of the term we agree to. There are specific uses that the money reimbursed can be used for.

Todd Hagen, Ehlers, Inc.

There will be a development agreement that is drafted. In the statutory process, you'll see the tax increment for 26 years. When you see the tax increment plan, you'll see a pretty large budget and some pretty large tax increment numbers but these will be scaled back when we get to the development agreement. I suspect that in the agreement we'll be looking at 12-13 years.

Council Member Wehyee

After the 12-year term, what happens to the rent? Does it go up?

Peter Deanovic

It will remain affordable housing after that 12-year period of time. After the 12-13 years, the City will receive the full amount of the taxes. One of the purposeful part of this plan is to make sure it doesn't encumber anything around it. For example, the parking lot next to the building will continue to pay its taxes, it will not be tied into the TIF.

Motion by Council Member Andrews to approve Resolution 21-05, seconded by Council
Member Leehy;
Approved, 5-0.

2. McDonald Hopkins Engagement Letter

Administrator Thongvanh

There were about 20 employees that were affected by a data breach in November 2020. The City contacted a League and filed a case to ensure that we would be prepared for any damages that were incurred by the breach. Six of the IP addresses that accessed the document were non-employees. McDonald Hopkins is a firm that the League works with. The City will be providing 1 year of free credit monitoring for employees that were affected by the breach.

Council Member Miazga

Did the two employees from McDonald Hopkins provide an estimate for the time they would spend on this? I saw their hourly rates.

Administrator Thongvanh

No. If the cost exceeds my allowed 5,000 in spending, I would obtain additional information and bring it to Council for approval. Our deductible with the League is \$5,000, so either way it shouldn't exceed that.

Motion to approve engagement letter and to authorize City Administrator to execute necessary documents by Mayor Gustafson;
Approved, 5-0.

H. INFORMATION/ANNOUNCEMENTS:

Council Member Leehy

I attended the Planning Commission last night as the Council Liaison. We discussed policies regarding vacant properties as well as landlord responsibilities. The other item that I will share is some information about email notifications, which residents can sign up for on our website.

Council Member Miazga

- NYFS meets tomorrow.
- Do Good Roseville has an event tomorrow evening.
- I want to express support for the Minnesota State House resolution that was passed on Monday.

Council Member Wehyee

- Council Member Miazga and I will be hosting a town hall meeting.
- I will be speaking with Administrator Thongvanh about ways to improve our City newsletter and make it more accessible.

Mayor Gustafson

• Community Engagement Commission met on Monday and elected a chair and vice chair. They will be brainstorming ideas for events post-COVID, and will be discussing City communications, since that is part of their responsibility under City ordinance.

Council Member Leehy

I appreciate Council Members Wehyee and Miazga for their efforts to host a town hall meeting. I would like to host a town hall meeting as a full council, which we intended to do last year but it was cancelled due to COVID.

Administrator Thongvanh

- We can discuss planning a town hall as a full council at the workshop.
- There was a water main break at the Community Park building.
- We have a conduit bonding request from a senior care facility, and I will talk more about this at the workshop.
- On the agenda will be police services and how we will move forward, as well as the survey results for the Larpenteur honorary naming.

I. COMMUNITY FORUM:

Please limit comments to 3 minutes per person. Items brought before the Council will be referred for consideration. Council may ask questions for clarification, but no council action or discussion will be held on these items.

TO: Sack Thongvanh, City of Falcon Heights

FROM: David Triplett, Ramsey County Elections Manager

SUBJECT: Contract for Election Services

DATE: September 29, 2020

The current contract and all renewals for election services between the City of Falcon Heights and the Ramsey County Elections office expire on December 31, 2020. As a result, if you wish to continue this service, the City of Falcon Heights and Ramsey County will need to execute a new contract. The new contract is attached. It will begin on January 1, 2021 and end on December 31, 2026. There are a few items we want you to be aware of: The increase in the cost schedule accounts for:

- An increased hourly wage for election judges to bring the pay scale in alignment with other jurisdictions in the Twin Cities Metro Area, as well as the wage paid to Census workers and local businesses in Ramsey County. Election Judges have not received a raise in the hourly rate since 2016. Currently, precinct judges make \$10 an hour. The increase will increase precinct judge wages to \$15 an hour and will increase all other positions by \$5 an hour.
- Accommodate the increased volume of vote by mail and in-person early voting. This is primarily a
 statutory duty that applies to all municipalities. As you are aware, the increase in this activity has been
 prodigious this cycle that aside, there has been a steady increase every year since 2012 and we project
 this to be increasingly popular beyond this cycle. We have provided this option for voters while
 maintaining Election Day voting access and resources.
- Account for duties that are statutorily related to cities that were not identified as in the previous contract.

Additionally:

- All jurisdictions will share the same contract terms terms and conditions of the contract are nonnegotiable by individual municipality.
- Contracts for precincts located outside of Ramsey County will no longer be offered. These precincts will
 need to be managed under a mutually agreeable method (such as a Joint Powers Agreement) between
 the corresponding county, municipality and Ramsey County.

The cost for your municipality to contract for election services with Ramsey County for the first term of 2021-2022 will be \$43,601.60, invoiced in quarterly payments. Ramsey County will provide an initial cost estimate for the 2023-2024 calendar years to you no later than April 1, 2022, and an initial cost estimate for the 2025-2026 calendar years by April 1, 2024.

Please contact me directly by no later than Friday, October 9 if your municipality wishes to contract with Ramsey County for Election Services. Otherwise do not hesitate to contact me for further questions. We very much appreciate your business and hope to continue serving you and your residents in the years ahead.

Sincerely,

David Triplett

Such initial cost estimates will become final if the County does not provide an updated cost estimate by July 1 of the year the cost estimates are provided. Costs will be adjusted as necessary by the County to account for the following factors: 1) estimated voter turnout; 2) labor contracts and agreements for non-represented employees approved by the Ramsey County Board of Commissioners; 3) changes in the Consumer Price Index for the Minneapolis-Saint Paul metropolitan area, as determined by the U.S. Bureau of Labor Statistics for the previous two-year period; 4) changes in state, federal, County, or City legal requirements, as applicable; and 5) other factors having a significant impact on election costs.

The County will notify the City of additional costs that it will incur as a result of changes to applicable election laws. The County will include and separately identify in any invoice for a regular election or a special election the cost that was incurred as a result of the enactment of new election laws.

Each party hereby waives and releases the other parties, their employees, agents, officials, and officers from all claims, liability, and causes of action for loss, damage to or destruction of the waiving party's property resulting from fire or other perils covered in the standard property insurance coverage maintained by the parties. Furthermore, each party agrees that it will look to its own property insurance for reimbursement for any loss and shall have no rights of subrogation against the other parties.

Liability shall be governed by applicable law. Without limiting the foregoing, liability of the parties shall be governed by the provisions of Minnesota Statutes Chapter 466 (Tort Liability, Political Subdivisions) or other applicable law. This provision shall not be construed nor operate as a waiver of any applicable limits of or exceptions to liability set by law. This provision will survive the termination of this Agreement.

11. Data Practices

Item	Issuance of Conduit Revenue Notes by the City of Falcon Heights for New Harmony Care Center
Description	The City of Falcon Heights has received a request from New Harmony Care Center, Inc. a MN nonprofit corporation to issue conduit bond to be used for the acquisition, construction, and equipping of a new senior healthcare and housing facility.
	The senior healthcare and housing facility will be located in the City of Maplewood. The project will include approximately 48 skilled nursing beds, transitional skilled nursing beds, 35 independent apartment units, 36 assisted living apartment units, 14 memory care apartment units, and 12 care suite apartment units.
	There will be three other communities acting as a conduit for bonding. They include the City of Landfall Village (\$10 million), City of Hampton (\$10 million), and the City of Little Canada (\$6.75 million).
	The Bonds will not constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the Issuers, except the interests of the Issuers in payments to be made by the Borrower under the Loan Agreements. The Bonds are not moral obligations on the part of the State or its political subdivisions, including the Issuers, and the Bonds will not constitute a debt of the Issuers within the meaning of any constitutional or statutory limitation.
Budget Impact	The City will receive an estimated \$18,750 for the issues of the bond which is $\frac{1}{4}$ of 1% .

Re: Issuance of Conduit Revenue Notes by the City of Falcon Heights for New Harmony Care Center

Dear Mr. Thongvanh:

This letter is in follow-up to correspondence that I have had with you related to a request that the City of Falcon Heights has received from New Harmony Care Center, Inc., a Minnesota nonprofit corporation and 501(c)(3) organization (the "Borrower"), the sole member of which is Elim Care, a Minnesota nonprofit corporation and 501(c)(3) organization, the sole member of which is Cassia, a Minnesota nonprofit corporation and 501(c)(3) organization, regarding consideration by the City to act as an issuer of 501(c)(3) revenue obligations (the "Notes") in an amount of approximately \$7,500,000. The proceeds of the Notes would be loaned to the Borrower to be used to finance, in part, the acquisition, construction, and equipping of a new senior healthcare and housing facility, including approximately 48 skilled nursing beds, 16 transitional skilled nursing beds, 35 independent apartment units, 36 assisted living apartment units, 14 memory care apartment units, and 12 care suite apartment units, to be located at 1534 County Road C East in the City of Maplewood (the "Project"). The City of Landfall Village (\$10,000,000), the City of Hampton (\$10,000,000), and the City of Little Canada (approx. \$6,750,000) will act as the other issuers of the remaining amount needed to finance the Project in full. Hampton, Landfall Village, Falcon Heights, and Little Canada are referred to collectively in this letter as the "Issuers." Taft Stettinius & Hollister LLP, formerly known as Briggs and Morgan, Professional Association, will act as bond counsel on the issuance of such Notes. The Notes are expected to be purchased directly by Bremer Bank, National Association (the "Lender"). The City of Little Canada's obligations will be in the form of subordinate bonds, which will be underwritten by Northland Securities.

State and federal laws allow local government units to enter into arrangements to issue tax-exempt obligations and loan the proceeds to nonprofit corporations to finance capital expenditures. This assistance reduces borrowing costs for nonprofit corporations and enables

Sack Thongvanh January 27, 2021 Page 2

them to provide their services more cost effectively. It is a fairly common means of obtaining necessary financing for all nonprofit entities, including senior housing and health care providers like the Borrower.

To accomplish this purpose, the Issuers will enter into Loan Agreements with the Borrower under which the Borrower will agree to pay all principal and interest on the Notes (or bonds). The Issuers will assign all of their rights to payments under the Loan Agreements the Lender, who will purchase the Notes and loan the purchase price of the Notes directly to the Borrower. (In the case of Little Canada's bonds, the rights will be assigned to U.S. Bank, as the trustee.) The Issuers are merely a conduit and the money and obligations flow only between the Lender and the Borrower.

The Notes and the resolutions adopted by the Issuers will recite that the Notes, if and when issued, will not to be payable from or charged upon any of the Issuers' funds, other than the revenues received under the Loan Agreements and pledged to the payment of the Notes, and the Issuers are not subject to any liability on the Notes. No holder of the Notes will ever have the right to compel any exercise by the Issuers of their taxing powers to pay any of the principal of the Notes or the interest or premium thereon, or to enforce payment of the Notes against any property of the Issuers except the interests of the Issuers in payments to be made by the Borrower under the Loan Agreements. The Notes will not constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the Issuers, except the interests of the Issuers in payments to be made by the Borrower under the Loan Agreements. The Notes are not moral obligations on the part of the State or its political subdivisions, including the Issuers, and the Notes will not constitute a debt of the Issuers within the meaning of any constitutional or statutory limitation.

The issuance of the Notes will not affect the Issuers' credit rating on bonds they issue for municipal purposes.

Each city may issue up to \$10,000,000 of its own and 501(c)(3) bonds each calendar year as "bank-qualified" bonds, which is the type of obligation that the Lender wishes to acquire. Because the total cost of the financing is approximately \$36,000,000 and Maplewood has its own bond issuance planned for 2021, Maplewood cannot issue bank-qualified debt for the benefit of the Borrower. Therefore, other cities are being sought to act as the issuers for the Notes and other obligations. Under the federal tax law, alternative issuers are permitted, but a "nexus" between the jurisdictional city and the issuer is preferred. In this case, Falcon Heights has geographical proximity to Maplewood and is within the market area for the Project. Falcon Heights's residents could be potential beneficiaries of the Project, either as employees or future residents of the Project.

The Notes will affect the bank-qualified status of any of the City's tax-exempt obligations issued for its own governmental purposes in 2021. It is our understanding that Falcon Heights

13097468v1 51 of 91

Sack Thongvanh January 27, 2021 Page 3

will be issuing bonds on its own behalf of approximately \$2,000,000, leaving \$8,000,000 of bank-qualification available for this purpose. It is currently estimated that the Note issued by Falcon Heights will be in an amount of approximately \$7,500,000. The Notes will not affect the bank-qualified status of tax-exempt obligations in future years. It is also important to note that the bonds that will be issued for the benefit of the Amber Union project do not count toward the \$10,000,000 bank-qualification limit. The bonds for the Amber Union project can be issued over and above the \$10,000,000 limit, as they are issued under a different section of the federal tax code.

The Notes will be issued in accordance with Minnesota Statutes, Chapter 462C. A city may not issue bonds for a project located outside of its jurisdiction, as is requested in this case. However, the city in which a project is located may give permission for the issuance of bonds by another city. This is commonly referred to as "host approval." Under Minnesota Statutes, Section 471.656, subdivision 2(2), host approval may be given for a project located in the host city, by resolution of the host city. Maplewood, as the host city, will give permission to Falcon Heights (and the other Issuers) to issue its Notes. In addition, the Issuers and Maplewood will enter into a joint powers agreement for the purpose of issuing the Notes.

Similarly, under the federal tax code, before a city can issue bonds for a project located outside of its jurisdiction, the host city must give its approval. Such approval can only be given following the holding of a public hearing.

As noted above, under federal and State law, in order for the Notes to be a tax exempt obligation, they must be issued by a political subdivision. This requires that the City hold a public hearing and approve issuance of the Notes and approve the execution of related documents. If the City is willing to act as a conduit issuer for the Borrower, we propose that the City adopt a resolution at its February 10th meeting that calls for that public hearing. The resolution authorizes the City Administrator to set the actual date of the public hearing, but we are currently expecting that it would occur at the City Council's March 10th meeting. We will also prepare and take care of submitting the public hearing notice to the City's official newspaper.

Following the public hearing, the City Council would then consider for adoption a resolution approving the issuance of the Notes.

It is expected that the City will receive an administrative fee of ¼ of 1%, paid by the Borrower. In addition, you should be aware that the Borrower is responsible for paying all costs of the transaction. There will be no costs paid by the City.

Assuming the Council is willing for the City to act as an issuer for the Borrower, I ask that the Council adopt the resolution that we will provide separately that calls for the public hearing so that we can get the process started.

Meeting Date	February 10, 2021
Agenda Item	Policy G2
Attachment	Resolution & Documents
Submitted By	Sack Thongvanh, City Administrator

Item	Amendment to the City of Falcon Heights' Tax Increment Finance Policy
Description	The City of Falcon Heights regularly updates policies and procedures that are located in the City of Falcon Heights Administrative Manual. The Tax Increment Financing Policy is located in the manual.
	In 1988, the City of Falcon Heights last updated its policies and procedures for the application and administration of the Tax Increment Finance Application. These policies included fees and an application that are not normally found in the manual or other policies. Reference to applications and fees are traditionally named by reference, such as the "fee schedule" or an "application made available by staff". The proposed resolution amends the City of Falcon Heights Tax Increment Finance Application fees to be those fees adopted by the City of Falcon Heights City Council through the fee schedule and to remove the application example referenced in the Tax Increment Financing Policy and in the Administrative Manual.
Budget Impact	No impact to the budget.
Attachment(s)	 Resolution 21-09 Adopting an Amendment to the City of Falcon Heights Tax Increment Finance Policy. Exhibit A – Recommended Changes to the Tax Increment Financing Policy Business Subsidy Application Form

CITY OF FALCON HEIGHTS, MINNESOTA

GOALS AND POLICIES OF THE CITY OF FALCON HEIGHTS AND CRITERIA AS TO THE REVIEW OF TAX INCREMENT FINANCING APPLICATIONS

GOALS AND POLICIES

1. General Goals

- a. Maintain and improve the community character and identity.
- b. Prevent and eliminate blight and resist deterioration of the environment.
- c. Maintain and continue development of a strong economic base and create a favorable climate for the operation of responsible free enterprise systems.
- d. Provide active and passive open space for the enjoyment of Falcon Heights' residents.
 - e. Enable the convenient movement of persons within the city in a safe manner.

2. General Policies

- a. Continue development in accordance with a comprehensive plan for land use, housing, transportation, and community facilities. Insofar as it is possible and practical, all future development should reflect the major proposals of the comprehensive plan. Where possible, the plan should be related to plans in neighboring communities and to the metropolitan area as a whole.
- b. Review and amend the comprehensive plan as necessary to ensure its usefulness as a practical guide to current and future development. Adhere to the comprehensive plan as closely as possible to ensure consistent development policy. Zoning changes based on the comprehensive plan shall be considered only after appropriate review of a specific development proposal.
- c. Continue the emphasis on quality design, innovative solutions, and a high general aesthetic level in community development, through the development of site design standards and review of developments by the city.
 - d. Encourage adequate transitions and buffering between incompatible land uses.

- e. Encourage quality business development in the city and cooperate with new and existing business where such business contributed to the high social, economic, and aesthetic level of the community.
- f. Promote a balanced tax base by (a) encouraging quality residential development in established neighborhoods; and (b) encouraging intensive quality development of nonresidential projects in appropriate areas as guided by the comprehensive plan.

3. Commercial Policies

- a. Encourage the development of a wide range of retail sales and services in the community.
- b. Cooperate with and assist the development or expansion of existing and future retail facilities as a means of achieving maximum efficiency of land use, adequacy of vehicular movements and parking areas, and maximum aesthetic considerations.
- c. Restrict commercial development to specific areas in accord with the comprehensive plan and zoning ordinances.
- e. Cooperate with existing and potential commercial developers in creating efficient site plans with emphasis on efficient access, egress, parking areas, and landscaping.

4. Transportation Policies

- a. Allow for the safe and efficient transfer of all goods and people utilizing the transportation system.
 - b. Plan land uses to reduce congestion on streets.
- c. Channel major traffic volumes onto a relatively few major streets and highways and discourage from passing through residential areas.
- d. Require streets be developed according to their function. Pavement width, load capacity, and continuity of the street must recognize the function for which the street is intended.
 - e. Coordinate all street planning with county, state, and federal road plans.
 - f. Develop and expand the pedestrian system and bikeway system in the city.

CRITERIA

The city of Falcon Heights is granted the power to issue tax increment financing assistance under Minnesota Statutes, Chapter 273. The Falcon Heights city council, being aware that such financing may prevent the emergence of blighted land, excessive unemployment and the need for redevelopment financing from the state and federal governments, has expressed its support for the use of such financing but has reserved the right to approve or reject projects on a case by case basis. The following criteria have, therefore, been developed as a guide for review of applications:

- 1. The project is to be compatible with the overall development plans and objectives of the city and of the neighborhood in which the project is located.
- 2. New businesses locating in Falcon Heights must show relatively substantial new employment and tax base being generated by the project.\
- 3. REQUEST FOR COUNCIL ACTION

Meeting Date	February 10, 2021
Agenda Item	Policy G3
Attachment	Resolution
Submitted By	Sack Thongvanh, City Administrator

Item	Amending the 2021 City Fee Schedule to add a Tax Increment Finance Application Fee.
Description	Each year the City Council is required to approve a fee schedule that identifies the various fees charged by the City. Staff reviews these fees each year to ensure that the costs charged cover the City's expenses and so they are competitive with other cities of comparable size.
	In December of 2020, the City of Falcon Heights passed Resolution 20-53, a Resolution Adopting the 2021 Fee Schedule.
	In December of 2020, Buhl Investors requested the City of Falcon Heights consider a Tax Increment Financing (TIF) district. The City of Falcon Heights does not currently have a fee for the application of a TIF district.
	The proposed resolution amends the City of Falcon Heights' fee schedule to include a fee for this application. The proposed fee of \$5,000 and an escrow of \$10,000 is similar to other cities, such as Shakopee and Burnsville, in the metro-area and will cover the costs to the City which are related to processing, administration, legal, financial analysis, consultants, and an all other costs. The \$5,000 fee is non-refundable.
	 Tax Increment Finance Application Fee – \$5,000.00 Tax Increment Finance Application Escrow - \$10,000
Budget Impact	This fee will be incorporated in the 2021 budget.
Attachment(s)	Resolution 21-10 Adopting the Amendment to the 2021 City Fee Schedule
