Council reviewed a letter from Enebak giving his diagnosis, and a letter from Dr. Robert Blanchette, Forest Pathologist at the University of Minnesota, concurring with Enebak's diagnosis, after which Chenoweth moved, seconded by Ciernia, adoption of Resolution R-87-32 ordering removal of the tree. CITY TO RESTORE EASEMENT AREA AT 1786 TATUM, RICHARD STOWMAN RESIDENCE

Council discussed briefly the unsatisfactory grading and seeding done on the easement on the Stowman property following the Tatum Street improvement project. Mr. Stowman indicated it would cost him approximately \$1,200 to restore the lawn to its original condition, however the City Engineer had felt the cost should be considerably less than that amount. Hard moved, seconded by Ciernia, that Wiessner work with the Stowmans and City Engineer to arrange for restoration of the easement at a cost not to exceed \$750.00. Motion carried unanimously. Council also directed Wiessner to ask the City Horticulturist to examine the sod on Tatum Street, and make a recommendation on restoring the unsatisfactory sod on the boulevard.
