E. AGENDA:

1. 2025 City Events

Nelson shares the amount that is budgeted for City events in 2025 and receipts from 2024 events with commissioners. Due to previous staff turnover, both the Parks and Rec Commission and Community Engagement Commission have taken turns putting on Spring Together, based on whether they had a staff liaison to lead planning. Commissioners discuss whether joint meetings are needed or if one commission would like to coordinate any particular city event.

Bradbury wonders if Spring Together still fits with the Community Engagement Commission's mission.

Leehy says that the CEC was historically in charge of putting on Spring Together and that it started as a potluck in the Northhome neighborhood.

Williams asks if the CEC's goals still align with these events.

Ebbesen says that the CEC will focus and has been focused on apartment outreach. Cooley-Kistler adds that she spent two hours calling apartment managers this past week.

Nelson mentions that the ice cream truck has another event and will arrive thirty minutes later than the planned start time. Should the event be pushed back thirty minutes or just let residents know ice cream is not available for the first thirty minutes of the event?

Leehy asks if the ice cream truck has a minimum.

Cooley-Kistler wonders if the commissioners should ask residents to bring yard games to share.

Ebbesen wonders if the CEC should take the lead on Spring Together.

Leehy mentions local businesses were sponsors of events in the past.

Williams thinks the Parks Commission needs more support in planning the fall festival rather than Spring Together or Ice Cream Social.

Bradbury didn't feel like the fall festival felt like a Parks and Rec event because it didn't take place in a park.

Leehy believes that Parks and Recreation is two parts, parks AND recreation. So, the recreation component is still there.

Bradbury wonders if there's enough there to collaborate on for Fall Fest.

Haight likes Bradbury's idea of hosting an event at The Grove.

Nelson and Brenton recently spoke to a resident at Coffman and learned that they hold many events. Perhaps the Parks Commission could team up with them on an event that they are already hosting.

Leehy shares that she did a fall festival at Curtiss Field. If attendees brought non-perishable food items, they received a bag of candy in exchange.

Cooley-Kistler mentions the idea of having a pet parade.

CEC Commissioner Ebbesen motions to adjourn the CEC from the remainder of the meeting at 8:17 PM.

Ebbesen is the sole remaining commissioner at the meeting.

Motion passes 1-0.

2. Ice Rinks – End-of-Season Review

Commissioners discuss the skating season in terms of weather and usage by residents. This is the first year the City of Falcon Heights has utilized a liner under the ice and Bradbury and Wassenberg felt this is the best condition the ice has ever been in for skating.

Wassenberg did note that it's important to remove leaves and other debris from the tarp before flooding it because that becomes embedded in the ice. As thawing occurs, a hole or divot is left behind and that can be somewhat dangerous.

Information/Announcement

Nelson shares that the City applied for the MN DNR Outdoor Rec Grant and updates commissioners that the funding would impact the playground in its entirety, rather than only specific components. Originally, the city was going to ask for funding to help fence the playground in, install shade canopies and replace Engineered Wood Fiber (EWF) with Poured-In-Place (PIP) surfacing. However, Staff was told during a review of the application in draft form by the MN DNR that the city had to ask for funding the playground in its entirety, not only specific elements. That may mean a revised timeline of installation then. The City will know whether or not they will receive grant funds at the end of June / early July. If grant funding is received, the installation could not begin before the agreements could be signed and would likely not be before fall 2025 / spring 2026.

G. ADJOURNMENT: 8:31 P.M.

Goldberg motions to adjourn the meeting;
Approved 5-0

Agenda Item	E1
Attachment	Community Park Playground Color Scheme Discussion
Submitted By	Kelly Nelson, Administrative Services Director/Deputy Clerk

Item	Community Park Playground Color Scheme Discussion
Description	<p>The City Council approved by Resolution 24-62 a release of Request for Quotes for the Community Park playground, seeking renderings from playground vendors.</p> <p>On October 26, 2024, WSB sent a quote package to seven local playground vendors on behalf of the City of Falcon Heights. The vendors were given a deadline of 11:00 AM on November 26, 2024 to submit a proposal for a playground budgeted at \$225,000 with EWF (Engineered Wood Fiber). Vendors were instructed to depict poured-in-place and perimeter fencing as add-on options, as they may be dependent upon whether funding is received through the MN DNR Outdoor Recreation grant application that was submitted by Staff in March 2025.</p> <p>The Parks and Recreation Commission then considered the eleven designs received, with Northland Rec's chosen as the most preferred. The City Council received the Parks and Recreation Commission's recommendation to consider during the December 4, 2024 Workshop Meeting and had no further revisions of their own, directing Staff to begin discussing the Commission's requested revisions with Northland Recreation and moving towards a final design.</p> <p>The City Council was then presented with the proposed final playground design from Northland Recreation and approved it to award the bid during the December 23, 2024 City Council Regular Meeting.</p> <p>While the playground equipment and the playground layout are final and approved, the color scheme of the equipment can be adjusted at this time prior to ordering it, which will not occur before July 1 to allow the City to be notified if they will receive any grant funds to be used for the playground.</p> <p>The Parks and Recreation Commission should now discuss the color scheme for the play equipment to be ordered in prior to the City placing the order.</p>

Vinyl Coating Colors

Available coating colors for decks, steps, ramps, and bridges are shown below. Some colors are not available on certain structures—see your representative for details.

Post and Accent Colors

Achieved with a multi-layer paint application process that combats rust/corrosion and ensures a long-lasting finish.

Shade Fabric Colors

Shade Fire Retardant Fabric Colors

Rated the best fire retardant shade fabrics in the industry and they tolerate exposure to harsh and extreme outdoor elements. These fabrics also conform to and exceed California's State Fire Marshall Flame - RETARDENCY Test and the NFPA701 Standard Methods of Fire tests for Flame Propagation.

Colors are subject to change without notice. The color swatches are for reference only, and are an approximation that do not reflect the properties of physical materials, and can vary when printed. For more information on color samples and the most up-to-date specifications consult your local representative. Little Tikes Commercial uses high quality materials and state of the art manufacturing processes. Commercial playgrounds and products are subjected to years of environmental and solar exposure. Such extreme exposure takes its toll on paints and pigments, and all colors will fade over time. Little Tikes Commercial does not warrant against color fading or discoloration. It is important to properly maintain your playground to ensure its longevity. Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration.

Reds and Yellows and Blues—Oh My!

From the brightest of blues to the hottest of reds, Little Tikes Commercial's color palettes help you achieve the intended narrative for your project. Item	Community Garden Rules
Description	<p>In 2023, the Parks and Recreation Commission developed a formal policy to outline how preference is determined for the Community Garden plots. Prior to this, staff had this statement to guide them:</p> <p><i>Returning gardeners are given priority. If plots are open, they are assigned on a first come, first served basis with preference given in the following order: 1) Falcon Heights apartment and townhome residents 2) Other Falcon Heights residents 3) Non-Falcon Heights residents.</i></p> <p>Staff previously interpreted that to mean that plots are assigned in the following order:</p> <ul style="list-style-type: none"> • FH renters/tenants already on the waiting list • FH renters/tenants (not yet on the waiting list; a new request) • FH residents on the waiting list • FH residents (not yet on the waiting list; a new request) • All other individuals on the waiting list • All other individuals interested (not yet on the waiting list; a new request) <p>At the February 6, 2023 Parks and Recreation Commission meeting, the commission defined how staff should prioritize gardeners to be as such:</p> <ol style="list-style-type: none"> 1). FH residents without access to land to garden 2). FH residents with land access 3). Non-FH residents <p>While the Parks and Recreation has updated the criteria in prioritizing those on the wait list, the Community Garden Rules have not been updated since 2017.</p> <p>Commissioners should discuss any updates that may be needed prior to any materials being sent to returning gardeners for the 2026 gardening season.</p>

Falcon Heights Community Garden

Rules and Regulations

1. Garden plots are assigned to one person only and are not transferable. Others may garden at your site, but the responsibility for payment of fees, cleanup and other duties at the site will be the responsibility of the individual whose name is assigned to the plot
2. You must tend your plot by May 30th. If the kind of plants you are growing must be planted later, weed your plot as needed before then. You are responsible for your plots for the entire season. Keep it free of weeds and harvested through end of season.
3. Plots that are untended or unweeded by the planting deadline are assumed abandoned and will be forfeited without a refund.
4. Gardeners must maintain plots (including adjacent aisles) throughout the growing season. Gardeners who do not maintain their plots will not be eligible for a plot in the following year. Gardeners will be given 2 week's notice to clean up their plot. After that time, the plot will be re-assigned or tilled in and any produce will be donated to charity.
5. **Attend to your plot while you are away.** If you plan to take a vacation or be absent for longer than a week, make arrangement with other gardeners to look after your plot while you are gone.
6. Gardeners understand that this is a community garden and in order for it to succeed gardener support is needed to maintain the site, manage compost, keep on top of equipment, make signs, deal with wildlife, obtain our donated transplants, plan and execute produce giveaways, help keep site picked up from debris, and plan celebrations.
7. **Gardeners agree to follow organic gardening principles.** I understand only fertilizers allowable under certified organic standards are permitted. I will not use fertilizers, insecticides or weed repellents that will in any way affect other plots, nor any product that is not allowable under certified organic standards.
8. Gardeners agree to keep the garden and garden edges free of weeds, diseased plants, insect-infested plants and over-ripe vegetables. The City of Falcon Heights will maintain the greater property.
9. Diseased and infected plants must be removed from the garden and disposed of properly.
10. Do not plant trees or shrubs. If it's woody and perennial, it's not allowed in your plot.
11. Be respectful, tall crops, spreading crops etc... should be planted to not shade or encroach on another garden.

12. **Don't bring in sand or gravel.** These materials are difficult or impossible to remove later, and the soil is already quite sandy and "well-drained".
13. Gardeners are expected to communicate with neighboring gardeners to work out borders, weed issues and size of plant issues. If you are not able to mitigate issues, please contact City Hall.
14. Gardeners will keep their garden free of garbage and litter.
15. Growing or using illegal substances in the garden will lead to immediate expulsion with no return of plot fee.
16. You are responsible for maintaining half of the ***path*** next to your plot. Paths must be kept clear of weeds, rocks, garden plants and other obstacles. You may use the landscaping cloth covered with wood chips to keep weeds from the path, but you may not use carpeting, roofing material or other non-organic materials on common pathways.
17. Gardeners need to be diligent in shutting the water off after their use. Please refrain from watering your garden with an open-ended hose. Item	Programming Discussion – Scholarship Update and City Events
Description	<p>Youth summer programming enrollment numbers have been steadily declining over the past several years. At the conclusion of 2023’s summer programming, the Parks and Recreation Commission supported moving away from traditional paid programming, to try offering free recreation from Curtiss Field, and to re-evaluate afterwards. Unfortunately, almost half of the organized free programming dates in 2024 were canceled due to rain. Attendance was extremely low on the programming days that did occur. Hiring part-time staff for just six weeks of summer programming has also been a challenge.</p> <p>The Parks and Rec Commission has also discussed promoting field trips and camps that Bell Museum, Gibbs Farm and other local organizations already offer and directed staff to try to establish partnerships before 2025 summer programming. During the February 3, 2025, Parks and Recreation Commission meeting, there was support for the idea that the city could pay a portion of Falcon Heights residents’ enrollment fees.</p> <p>The programming scholarship idea was brought to the City Council Workshop meeting on February 5, 2025 and was supported by them. Staff was directed to offer a \$25 voucher towards partner programs and to finalize the reimbursement criteria in time to include in the mailed biannual newsletter to residents by March 1.</p> <p>The Scholarships Program has been live since late February, and residents may submit reimbursement requests for classes enrolled in from January 1 through August 1, 2025. Program Guidelines and Eligibility are attached.</p> <p>During the April 7, 2025 Parks Commission meeting, commissioners had asked for an update on how the Scholarship Program has been received by residents and this is an opportunity to now discuss the program after it has been offered for a few months.</p> <p>This is also an opportunity for Staff to provide updates about upcoming City Events and allow further discussion of commissioners.</p>
