

MAYOR & COUNCIL COMMUNICATION

DATE: April 7, 2015
REGULAR
ITEM # 13

AGENDA ITEM: Boulder Ponds Zoning Map Amendment, Final Plat and Final PUD Plan

SUBMITTED BY: Nick M. Johnson, City Planner

THROUGH: Dean Zuleger, City Administrator

REVIEWED BY: Planning Commission
Kyle Klatt, Community Development Director
Jack Griffin, City Engineer
Greg Malmquist, Fire Chief
Stephen Mastey, City’s Landscape Consultant

SUGGESTED ORDER OF BUSINESS:

- Introduction of ItemCommunity Development Director
- Report/Presentation.....Community Development Director
- Questions from Council to Staff..... Mayor Facilitates
- Call for Motion Mayor & City Council
- Discussion..... Mayor & City Council
- Action on Motion..... Mayor Facilitates

POLICY RECCOMENDER: Planning Commission

FISCAL IMPACT: TBD – the City will be asked to review a developer’s agreement concerning the final plat at its April 7, 2015 meeting. The agreement will include a detailed accounting of any development costs that will be the responsibility of the City. The subdivision is included in the Section 34 utility project area, and therefore the developer is being assessed for the costs of the project to bring sewer and water to the site.

SUMMARY AND ACTION REQUESTED: The City Council is being asked to consider a request from OP4 Boulder Ponds, LLC for approval of a zoning map amendment, final plat and final PUD plan for the first phase of the Boulder Ponds planned residential development. The final plat includes 47 single-family residential lots, and the related construction plans for the improvements necessary to serve these homes. The City approved the Boulder Ponds Preliminary Plat and Preliminary PUD Plan on September 16, 2014, which covered approximately 58 acres of land within the I-94 Corridor planning area. There are 98 single

family residential lots planned within the entire subdivision, and the final plat covers only a portion of the overall total of units that will eventually be platted.

The Planning Commission considered this matter at its March 9, 2015 meeting and unanimously recommended approval of the requested zoning map amendment. The suggested motion to adopt the Planning Commission recommendation is as follows:

“Move to adopt Ordinance 08-118, approving the Zoning Map Amendment for the Boulder Ponds planned residential development.”

In addition, the Planning Commission unanimously recommended approval of the Boulder Ponds Final Plat and Final PUD Plan subject to 14 conditions of approval. The suggested motion to adopt the Planning Commission recommendation is as follows:

“Move to adopt Resolution No. 2015-23, approving the Final Plat and Final PUD Plan for the Boulder Ponds planned residential development.”

BACKGROUND INFORMATION:

Attached is the original detailed Staff report that was provided to the Planning Commission regarding the applicant’s request for a zoning map amendment, final plat and final PUD plan. The staff report includes general information about the application, a summary of the relevant planning and zoning issues, a thorough review and analysis of the final plat (including a draft list of recommended conditions of approval), draft findings, and the Staff recommendation to the Planning Commission.

PLANNING COMMISSION REPORT:

The Planning Commission reviewed the final plat application at its March 9, 2015 meeting. At the meeting, a public hearing was held, necessitated by the zoning map amendment and final PUD plan actions. No one spoke during the public hearing, and staff did not receive any written or electronic correspondence regarding the application.

With regards to the review of the Boulder Ponds Final Plat and Final PUD Plan, the Planning Commission discussed three additional conditions to add to the approval of the application. First, the Planning Commission recommended further study of planting material in the medians of Jade Trail in proximity to 5th Street. Staff will further review these plantings to ensure that vision triangles are clear. In addition to the median plantings, the Planning Commission discussed the designs of single family homes and theming elements in the development. As recommended conditions of approval, the Planning Commission is encouraging the applicant to incorporate multi-sided architecture in the single family homes and incorporate theming elements from the DFA Theming Study into the public spaces. It should be noted that the Planning Commission intentionally used the language “encourage” as these requirements were not previously included as conditions for the Preliminary Plat approval. To respond to this

discussion, the applicant has submitted the draft Architectural Guidelines document for the Boulder Ponds development. The draft architectural guidelines generally call for architectural features on all 4 sides of the home. Further detail of the Planning Commission discussion on the Boulder Ponds Final Plat can be found in the 3/9/14 minutes.

In reviewing the proposed zoning map amendment, the Planning Commission unanimously recommended approval based on the following findings:

- 1) The City of Lake Elmo approved the Boulder Ponds Preliminary Plat and Preliminary PUD Plan on September 16, 2014.
- 2) The requested zoning map amendment is consistent with the appropriate zoning as guided by the approved Boulder Ponds Preliminary Plat and Preliminary PUD Plan.
- 3) Municipal sanitary sewer and water utilities are presently available to the site on both the western and southern border.

In addition, the Planning Commission recommended approval of the Boulder Ponds Final Plat and Final PUD Plan with 14 conditions of approval. The vote to recommend approval of the Boulder Ponds Final Plat was unanimous (Vote: 7-0).

STRENGTHS, WEAKNESSES, OPPORTUNITIES, THREATS:

Strengths: The proposed final plat is consistent with the approved preliminary plat subject to the conditions being recommended by Staff and the Planning Commission. Construction of the development would include the minor collector road 5th Street, which is necessary to serve the I-94 Corridor according to the City's Transportation Plan.

Weaknesses: Several conditions of approval must be met by the applicant, including revisions to the final construction plans to address comments from the City Engineer.

Opportunities: Approval of the plat application allows the development plans for the Boulder Ponds planned development to proceed as planned in the Comprehensive Plan. Moving forward with sewer single family growth should allow the City to add additional users to the City's public sanitary sewer system, helping to finance the City's investments in sanitary sewer.

Threats: None

RECOMMENDATION:

Based on the aforementioned, the Planning Commission and Staff are recommending that the City Council approve the Boulder Ponds Zoning Map Amendment through the following motion:

“Move to adopt Ordinance 08-118, approving the Zoning Map Amendment for the Boulder Ponds planned residential development.”

In addition, the Planning Commission and Staff are recommending that the City Council approve the Boulder Ponds Final Plat and Final PUD Plan subject to 14 conditions of approval through the following motion:

“Move to adopt Resolution No. 2015-23, approving the Final Plat and Final PUD Plan for the Boulder Ponds planned residential development.”
