**SUMMARY AND ACTION REQUESTED:** The City Council approved the purchase and installation of a park shelter for Pebble Park at the September 1, 2015 meeting with the removal of the decorative insert in the gabled end of the roof. Staff was asked to obtain detailed pricing on the cost of the insert that the Parks Commission chose to add detail to the open end of the roof.

A summary of costs for the additional park shelter elements are attached for your consideration. The supplier requires the structure and additional detail elements be ordered together to ensure proper fabrication. The park shelter will be ordered once staff has direction on the final design.

**RECOMMENDATION:** Council is requested to provide direction on the addition of details to the Pebble Park Shelter so the structure can be ordered.
