ITEM: Report on the 28th Street meeting on street condition and drainage issues

SUBMITTED BY: Jack Griffin, City Engineer

REVIEWED BY: Susan Hoyt, City Administrator
John Hanson, Valley Branch Watershed

SUMMARY AND ACTION REQUESTED: The city council is being asked to receive information on the 28th Street meeting dealing with drainage and street condition issues that was held on September 13, 2007 for 28th Street and nearby residents. This will be a brief update by the city engineer so that the city council is familiar with the information shared with these property owners and residents. The staff will be recommending that 28th infrastructure improvements including storm sewer and a paved roadway be incorporated into the city's capital improvement plan that will be developed over the coming months. The estimated costs for these improvements are \$140,000.

ADOPTED ORDER OF BUSINESS:

- Introduction Susan Hoyt, City Administrator
- Report Jack Griffin, City Engineer
- Questions to presenter Mayor and Council members
Round Robin
- Questions from public to council Mayor facilitates
(3 minutes/per person)
- Discussion, if any Mayor and Council members
- No action is required.
