

## **STAFF REPORT**

DATE: 4/17/18

**CONSENT**

ITEM #: 18

**MOTION**

**TO:** City Council

**FROM:** Emily Becker, Planning Director

**AGENDA ITEM:** Wildflower at Lake Elmo 3<sup>rd</sup> Addition Development Agreement

**REVIEWED BY:** Jack Griffin, City Engineer  
Sarah Sonsalla, City Attorney  
Kristina Handt, City Administrator

---

### **BACKGROUND:**

On March 20, 2018, the City Council adopted Resolution No. 2018-025 approving the Final Plat and Final PUD for Wildflower at Lake Elmo 3<sup>rd</sup> Addition. An executed Developers Agreement is a condition of final plat approval and is required prior to recording the final plat with Washington County.

### **ISSUE BEFORE COUNCIL:**

The City Council is being asked to adopt Resolution 2018-042 approving the Developer Agreement for Wildflower at Lake Elmo 3<sup>rd</sup> Addition.

### **REVIEW/ANALYSIS:**

A condition of approval of the Wildflower at Lake Elmo 3<sup>rd</sup> Addition Final Plat is that the developer enter into a Development Agreement prior to the execution of the plat by City officials. Staff has drafted this Development Agreement attached for consideration by the City Council. The key aspects of the agreement include the following components:

- The developer agreement allows for up to one model home permit.
- That all public improvements to be completed by October 31, 2018, with the exception of the final wear course of asphalt on streets.
- That the developer provide a letter of credit in the amount of \$1,523,583.00 related to the cost of the proposed improvements.
- That the developer provide a cash deposit of \$207,020 for SAC and WAC charges, engineering administration, AUAR fee, one year of street light operating costs, maintenance of lift station, and other City fees.
- There are direct payments to the developer for oversizing of watermain in the amount of \$3,208.00 and oversizing of sanitary sewer in the amount of \$5,288.00 for the project.

The construction plans for the project have not yet been approved, including the landscaping. Upon compliance all items listed in Section 3 of the Developer Agreement including execution of this Agreement, receipt of all fees and securities, recording of the final plat and the completion of a Preconstruction meeting with the City, construction can commence.

**FISCAL IMPACT:**

The City will pay the developer \$8,496 for oversizing costs associated with the water and sanitary sewer systems. Additional future financial impacts include maintenance of streets, sanitary sewer mains, watermains and other public infrastructure, maintenance of storm water ponding areas (after warranty period), monthly lease payments for street lights, and other public financial responsibilities typically associated with a new development. The City will collect building permit fees, Sewer Accessibility Charges and Water Accessibility Charges, AUAR fee, and property taxes for the 25 lot residential subdivision. Park land dedication was collected with the first phase of the development.

**OPTIONS:**

The City Council is being asked to consider the approval of the Developer’s Agreement and has the following options:

- 1) Adopt Resolution 2018-042 approving the Developer Agreement for Wildflower at Lake Elmo 3<sup>rd</sup> Addition
- 2) Direct Staff to amend the draft Developer Agreement to bring back to a future meeting.

**RECOMMENDATION:**

Staff recommends, as part of tonight’s consent agenda, the City Council adopt Resolution 2018-042 approving the Developer’s Agreement for Wildflower at Lake Elmo 3<sup>rd</sup> Addition Planned Unit Development. If removed, the recommended action may be made by the following motion:

*“Move to adopt Resolution 2018-042 approving the developer’s agreement for Wildflower at Lake Elmo 3<sup>rd</sup> Addition Planned Unit Development”*

**ATTACHMENTS:**

- Wildflower at Lake Elmo 3<sup>rd</sup> Addition Development Agreement

**CITY OF LAKE ELMO  
WASHINGTON COUNTY  
STATE OF MINNESOTA**

**RESOLUTION NO. 2018-042**

*A RESOLUTION APPROVING A DEVELOPER'S AGREEMENT FOR THE WILDFLOWER AT  
LAKE ELMO 3<sup>RD</sup> ADDITION PLANNED UNIT DEVELOPMENT*

**WHEREAS**, the City of Lake Elmo is a municipal corporation organized and existing under the laws of the State of Minnesota; and

**WHEREAS**, Robert Engstrom Companies, 4801 West 81<sup>st</sup> Street, #101, Bloomington, MN ("applicant") has previously submitted an application to the City of Lake Elmo ("City") for a Final Plat for Wildflower at Lake Elmo 3<sup>rd</sup> Addition Planned Unit Development; and

**WHEREAS**, the Lake Elmo City Council considered and approved the Wildflower at Lake Elmo PUD General Concept Plan on June 17, 2014; and

**WHEREAS**, the Lake Elmo City Council approved the Wildflower at Lake Elmo Preliminary Plat and Preliminary PUD Plan on April 7, 2015; and

**WHEREAS**, the Lake Elmo City Council adopted Resolution 2018-028 on March 20, 2018 approving the Final Plat and Final PUD for Wildflower at Lake Elmo 2<sup>nd</sup> Addition; and

**WHEREAS**, a condition of approval of said Resolution 2018-028, establishes that prior to execution of the Final Plat by City officials, the Applicant shall enter into a Development Agreement with the City; and

**WHEREAS**, the Applicant and the City have agreed to enter into such a contract and a copy of the Development Agreement was submitted to the City Council for consideration at its April 17, 2018 meeting;

**NOW, THEREFORE, BE IT RESOLVED THAT** the City Council does hereby approve the Development Agreement for Wildflower at Lake Elmo 3<sup>rd</sup> Addition PUD and authorizes the mayor and city Clerk to execute the document.

Passed and duly adopted this 17<sup>th</sup> day of April, 2018 by the City Council of the City of Lake Elmo, Minnesota.

## **DEVELOPMENT AGREEMENT**

(Public sewer and water)

### ***Wildflower 3<sup>rd</sup> Addition***

**THIS DEVELOPMENT AGREEMENT is** dated \_\_\_\_\_, 2018, by and between the **CITY OF LAKE ELMO**, a Minnesota municipal corporation (the “City”), and Robert Engstrom Companies, a Minnesota corporation (the “Developer”).

**1. REQUEST FOR PLAT APPROVAL.** The Developer has asked the City to approve a plat for Wildflower at Lake Elmo 3<sup>rd</sup> Addition (referred to in this Agreement as the “Subdivision”). The property being platted is situated in the County of Washington, State of Minnesota, and is legally described on **Exhibit A**.

**2. CONDITIONS OF PLAT APPROVAL.** The City hereby approves the Subdivision on condition that the Developer enter into this Agreement, furnish the security required by it, and record the plat with the County Recorder or Registrar of Titles within 120 days after the City Council approves the final plat.

**3. RIGHT TO PROCEED.** This Agreement is intended to regulate the development of the Property and the construction therein of certain public and private improvements. The Developer

may not grade or otherwise disturb the earth, remove trees or construct public or private improvements or any buildings within the Subdivision until all the following conditions precedent have been satisfied:

- A. the Developer has executed and recorded with Washington County all drainage and utility easements required for the Subdivision by the City Engineer and Public Works Director in the City's standard form;
- B. this Agreement has been executed by the Developer and the City;
- C. the required Security (as hereinafter defined) have been received by the City from or on behalf of the Developer;
- D. final construction plans and specifications have been submitted by the Developer and approved by the City Engineer;
- E. the Developer has paid the City for all legal, engineering and administrative expenses incurred by the City regarding the City approvals and has given the City the additional City Engineering Administration Escrow required by this Agreement;
- F. the Developer has paid any outstanding assessments and taxes for the Property or property being deeded to the City;
- G. the Developer has fulfilled any park dedication requirements as specified under this Agreement;
- H. the Developer has received all necessary permits from the MPCA, MDH, DNR, applicable watershed, Washington County, and any other agency having jurisdiction over the Subdivision;
- I. the Developer has provided the City with a certificate of insurance required by this Agreement;
- J. the Developer or the Developer's engineer and the Developer's contractor(s) have

- initiated and attended a preconstruction meeting with the City Engineer and City staff;
- K. the final plat has been recorded with Washington County;
  - L. all Supplementary declaration for the homeowners' association declarations, covenants, and restrictions, which include a requirement for high quality individual grinder lift stations, have been submitted, reviewed, and approved by the City Attorney;
  - M. a title insurance policy has been issued in the amount of \$100,000 in favor of the City, insuring the City's interests as they appear on the plat; and
  - N. the City has issued a written notice that all above conditions have been satisfied and that the Developer may proceed;

**4. PHASED DEVELOPMENT.** If the plat is a phase of a multi-phased preliminary plat, the City may refuse to approve final plats of subsequent phases of the development if the Developer is not in compliance with any term of this Agreement and the non-compliance has not been remedied. Development of subsequent phases of the development may not proceed until development agreements for such phases are approved by the City. Park dedication charges and availability charges for sewer and water referred to in this Agreement are not being imposed on outlots that are designated in the plat for future subdivision into lots and blocks, if any, in the plat. Such charges will be calculated and imposed when these outlots, if any, are platted into lots and blocks.

**5. PRELIMINARY PLAT STATUS.** If the Subdivision is a phase of a multi-phased preliminary plat, the preliminary plat approval for all phases not final platted shall lapse and be void unless final platted into lots and blocks, not outlots, within five years after preliminary plat approval.

**6. CHANGES IN OFFICIAL CONTROLS.** For five years from the date of this Agreement, no amendments to the City's Comprehensive Plan or official controls shall apply to or affect the

use, development density, lot size, lot layout or dedications of the approved final plat unless required by state or federal law or agreed to in writing by the City and the Developer. Thereafter, notwithstanding anything in this Agreement to the contrary, to the full extent permitted by state law, the City may require compliance with any changes to the City's Comprehensive Plan, official controls, platting or dedication requirements enacted after the date of this Agreement.

**7. DEVELOPMENT PLANS.** The Developer agrees to develop the Property in accordance with the City approvals, including the terms and conditions of approval of the final plat as detailed in City Council Resolution No. 2018-025, and to construct all improvements in accordance with the approved construction plans and specifications (collectively, the "Plans") prepared by a professional engineer registered in the State of Minnesota at its sole expense. All terms and conditions of the City approvals are hereby incorporated by reference into this Agreement. The documents which constitute the Plans are those on file with and approved by the City and are listed on **Exhibit B** attached hereto. The Plans may not be modified by the Developer without the prior written approval of the City.

**8. IMPROVEMENTS.** In developing the Subdivision in accordance with the Plans, the Developer shall make or install at its sole expense the following public and private improvements (collectively, the "Subdivision Improvements"):

- A. Grading and erosion control;
- B. Sanitary sewer;
- C. Water system improvements;
- D. Stormwater improvements (storm sewer pipe, control structures, ponds, BMPs, etc.);
- E. Streets and sidewalks;
- F. Trails;
- G. Underground private utilities;
- H. Landscaping;
- I. Street lighting and signage;
- J. Intersection improvements (turn lanes, by-pass lanes, traffic control, etc.);

- K. Tree preservation and reforestation;
- L. Wetland mitigation and buffers; and
- M. Monuments required by Minnesota Statutes.

All improvements shall be installed in accordance with the approved Plans, the City approvals, the City Code, the City's Engineering Design and Construction Standards Manual, and the City's Landscape and Irrigation Standards. The Developer shall instruct its engineer to provide adequate field inspection personnel to assure an acceptable level of quality control to the extent that the Developer's engineer will be able to certify that the construction work meets the approved Plans, the City approvals, the City Code, the City's Engineering Design and Construction Standards Manual, and the City's Landscape and Irrigation Standards as a condition of City acceptance. In addition, the City may, at the City's discretion and at the Developer's expense, have one or more City inspectors or a soil engineer inspect the Developer's work on a full or part-time basis. The Developer's engineer shall provide for on-site project management. The Developer's engineer is responsible for design changes and contract administration between the Developer and the Developer's contractor.

## **9. CITY ADMINISTRATION AND CONSTRUCTION OBSERVATION.**

At the time of the City's approval of the final plat for the Subdivision, the Developer shall submit to the City an amount to be escrowed by the City for City administration and construction observation costs in an amount provided under paragraph 37 of this Agreement - Summary of Cash Requirements. Thereafter, the Developer shall reimburse the City each month, within 30 days of receiving an invoice, for all administration and construction observation costs incurred by the City during the construction of the Subdivision Improvements by the City's engineering, public works, planning, and landscape architecture staff and consultants. After 30 days of the invoice, the City may draw upon the escrow and stop the work on site until the escrow has been replenished in its full amount. City administration and oversight will include monitoring of construction progress and construction observation, consultation with the Developer and the

Developer's professionals on status or problems regarding the project, coordination for testing, final inspection and acceptance, project monitoring during the warranty period, and processing of requests for reduction in the Security. Construction observation shall include, at the discretion of the City, part or full time inspection of proposed public utilities and street construction. Services will be billed by the City on an hourly basis.

The direction and review provided by the City through the inspection of the Subdivision Improvements should not be considered a substitute for the Developer-required management of the construction of the Subdivision Improvements. The Developer must require the Developer's contractor(s) to furnish the City with a schedule of proposed operations at least five days prior to the commencement of construction of each type of Subdivision Improvement. The City shall inspect all Developer-installed Subdivision Improvements during and after construction for compliance with the Plans, the City approvals, the City Code, the City's Engineering Design and Construction Standards Manual, and the City's Landscape and Irrigation Standards. The Developer will notify the City at such times during construction as the City requires for inspection purposes. Such inspection is pursuant to the City's governmental authority, and no agency or joint venture relationship between the City and the Developer is thereby created.

**10. CONTRACTORS/SUBCONTRACTORS.** City Council members, City employees, and City Planning Commission members, and corporations, partnerships, and other entities in which such individuals have greater than a 25 percent ownership interest or in which they are an officer or director may not act as contractors or subcontractors for the Subdivision Improvements identified in Paragraph 8 above.

**11. TIME OF PERFORMANCE.** The Developer shall install all required Subdivision Improvements by October 31, 2018, with the exception of the final wear course of asphalt on streets. The Developer shall install the bituminous wearing course of streets after the first course has weathered a winter season, consistent with warranty requirements, however, final acceptance

of the Subdivision Improvements by the City will not be granted until all work is completed, including the final wear course. The Developer may, however, request an extension of time from the City. If an extension is granted, it shall be conditioned upon updating the Security posted by the Developer to reflect cost increases and amending this Agreement to reflect the extended completion date. Final wear course placement outside of this time frame must have the written approval of the City Engineer.

**12. MAINTENANCE DURING CONSTRUCTION.** The Developer shall be responsible for all maintenance of the Subdivision Improvements including the snow plowing of the streets, roads and alleys until the Subdivision Improvements are accepted by the City in writing. The Developer is also responsible for locating all underground utilities until the Subdivision Improvements are accepted by the City in writing. Warning signs shall be placed by the Developer when hazards develop in streets to prevent the public from traveling on same and to direct attention to detours. If and when streets become impassable, such streets shall be barricaded and closed by the Developer. In the event residences are occupied prior to completing streets, the Developer shall maintain a smooth surface and provide proper surface drainage to ensure that the streets are passable for traffic and emergency vehicles. The Developer shall be responsible for keeping streets within and without the Subdivision clean and clear of dirt and debris that may spill, track, or wash onto the street from the Developer's operations. The Developer shall contract for street cleaning for streets within and immediately adjacent to the Subdivision. At a minimum, scraping and sweeping shall take place on a weekly basis.

Prior to the City's acceptance of the streets the City may agree, at the City's sole discretion, to keep the streets open during winter months by plowing snow. The City will consider snow plowing streets on a case by case basis and under the following conditions. 1) The Developer must request in writing the streets it is requesting to be plowed by the City, with such request received by the City prior to October 1st of each winter season that plowing is requested;

2) there must be residences along the street; 3) for streets that do not have the bituminous wear course placed, the Developer must install paved wedges along all curb lines and catch basins of the street; 4) gate valves and manholes must be level with the pavement surface; 5) street curves, center medians, and other protrusions in the right-of-ways must be delineated with “High-VIS” fiberglass stakes; 6) a site review must be scheduled by the Developer and conducted with the City’s Public Works Department with the Developer in attendance to review the streets that are being requested to be plowed prior to the commitment of plowing by the City; 7) the Developer must agree to not hold the City responsible for any damage caused by snow plowing operations to the streets, curb and gutter, manholes, catch basins or other infrastructure; and 8) the Developer shall enter into an agreement with the City for plowing of the streets.

**13. LICENSE.** The Developer hereby grants the City, its agents, employees, officers and contractors a license to enter the Property to perform all work and inspections deemed appropriate by the City in conjunction with the development of the Property and this Agreement.

**14. CONSTRUCTION ACCESS.** Construction traffic access and egress for grading, public utility construction, and street construction is restricted to access the Subdivision via Blazingstar Lane North, Wildflower Drive North and Prairieview Trail North. No construction traffic is permitted on other adjacent local streets including loading and unloading of equipment.

**15. CONSTRUCTION SEQUENCE AND COMPLIANCE.** The City will require the Developer to construct the Subdivision Improvements in a sequence which will allow progress and compliance points to be measured and evaluated. The Developer and the Developer’s representatives are required to supervise and coordinate all construction activities for all Subdivision Improvements and must notify the City in writing stating when the work is ready for the inspection at each of the measurable points defined in the following paragraphs.

**16. EROSION CONTROL.** All construction regarding the Subdivision Improvements shall be completed in a manner designed to control erosion and in compliance with the City Code, the

City's Engineering Design and Construction Standards Manual, all watershed district permits, the Minnesota Pollution Control Agency's best management practices, and other requirements including the City's permit with the Minnesota Pollution Control Agency for the municipal separate storm sewer system program. Prior to initiating any work on the site, an erosion control plan must be implemented by the Developer and inspected and approved by the City. Erosion and sediment control measures shall be coordinated with the various stages of development. The City may impose additional erosion control requirements at any stage in development as deemed necessary to maintain a compliant site. All areas disturbed for site improvements must be reseeded by the Developer promptly after the work in the area is complete unless construction of the next stage of the improvements will begin in that area within seven days. The parties recognize that time is of the essence in controlling erosion.

If the Developer does not comply with the erosion control plan and schedule or supplementary instructions received from the City, the City may take such action as it deems appropriate to control erosion. The City will endeavor to notify the Developer in advance of any proposed action, but failure of the City to do so will not affect the Developer's and City's rights or obligations hereunder. If the Developer does not reimburse the City for any cost the City incurred for such work within 10 days, the City may draw down the Security to pay any costs. No development, utility or street construction will be allowed and no building permits will be issued by the City unless the Subdivision is in full compliance with the approved erosion control plan.

If building permits are issued prior to the acceptance of public Subdivision Improvements, the Developer assumes all responsibility for erosion control compliance throughout the Subdivision and the City may take such action as allowed by this Agreement against the Developer for any noncompliant issue as stated above. Erosion control plans for individual lots will be required in accordance with the City's building permit requirements, or as required by the City or City Engineer.

**17. SITE GRADING.** In order to construct the Subdivision Improvements and otherwise prepare the Property for development, it will be necessary for the Developer to grade the Subdivision. All grading must be done in compliance with this Agreement and the approved grading plans. Within 30 days after completion of the grading, the Developer shall provide the City with an “as built” grading plan and a certification by a registered land surveyor or engineer as required in the City’s Engineering Design and Construction Standards Manual.

**18. STREET AND UTILITY IMPROVEMENTS.** All storm sewers, sanitary sewers, watermain, and streets, including turn lane and intersection improvements, shall be installed in accordance with the approved Plans, the City approvals, the City Code, and the City’s Engineering Design and Construction Standards Manual. Curb and gutter, the first lift of the bituminous streets, the installation of sidewalks, the grading of boulevards, the installation of street signs, and all restoration work on the site shall be completed in accordance with the approved Plans. Once the work is completed, the Developer or the Developer’s representative shall submit a written request to the City asking for an inspection of the initial improvements. The City will then schedule a walk-through to create a punch list of outstanding items to be completed. Upon receipt of the written punch list provided by the City, the punch list items must be completed by the Developer and the City notified to re-inspect the improvements. The final bituminous wear course shall be installed by the Developer after the first bituminous course has weathered a winter season. Prior to placement of the final bituminous wear course, the Developer shall repair or replace all broken or failing curbs, sidewalks and damaged or settled streets as determined by the City from a pre-wear course walk through inspection.

**19. LANDSCAPING AND TREE REPLACEMENT IMPROVEMENTS.**

- A. The Developer agrees to install landscaping in accordance with the approved Plans, the City approvals, the City Code, the City’s Engineering Design and Construction Standards Manual, and the City’s Landscape and Irrigation Standards. All

landscaping materials such as trees, shrubs, grasses, or other vegetation installed by the Developer must be warrantied and maintained for a period of two years. The two year warranty period shall be deemed to start once all required landscaping identified as responsibility of Developer in the approved Plans has received acceptance by the City. The Developer agrees to have the installer of the landscaping complete an inspection 30 days prior to the end of the two year warranty period and provide the City with a written report identifying the condition of all landscaping. In the event any landscaping installed by the Developer is deemed to be in poor condition or dead, the Developer is to replace the landscaping with like kind materials or as otherwise approved by the City.

- B. The Developer shall be responsible for maintaining regular watering, fertilizing, and over-seeding necessary to establish final lawns and yards as identified in the approved Plans for outlots, public rights-of-way, and any disturbed areas outside the Subdivision boundaries according to a landscape maintenance plan approved by the City. The Developer agrees to achieve “substantial performance” on all seeded or sodded lawns and yards disturbed during the construction of Subdivision Improvements. For the purpose of this Agreement “substantial performance” shall be defined for areas seeded or sodded with a turf or lawn mix as “square foot turf areas with an average blade height of three inches free of eroded, bare, or dead spots and free from perennial weeds or unwanted grasses with no visible surface soil.” For areas seeded with a native grass or flower mix “substantial performance” shall be defined as “square foot native grass or flower areas with an average height of eight inches free of eroded, bare, or dead spots and no visible surface soil.”

**20. SIGNAGE, STREET LIGHTING AND OTHER UTILITIES.** The Developer agrees to install street signs, traffic and parking signs, and pavement markings within the Subdivision all in accordance with the approved Plans and the City Engineering Design Standards Manual. Street

and traffic sign details shall be submitted by the Developer to the City for approval prior to installation. In addition, the Developer shall be responsible for the cost and all coordination work to extend private utilities along with street lighting within the Subdivision all in accordance with the approved plans and right-of-way permits.

**21. OWNERSHIP OF IMPROVEMENTS.** Upon completion of the work and construction required by this Agreement, the Subdivision Improvements lying within public easements shall become City property. Prior to acceptance of the public Subdivision Improvements by the City, the Developer must furnish the City with a complete set of reproducible "record" plans and an electronic file of the "record" plans in accordance with the City's Engineering Design and Construction Standards Manual together with the following affidavits:

- Developer/Developer Engineer's Certificate
- Land Surveyor's Certificate

certifying that all construction has been completed in accordance with the terms of this Agreement. All necessary forms will be furnished by the City. Upon receipt of "record plans" and affidavits, and upon review and verification by the City Engineer that the public Subdivision Improvements have been completed in accordance with the terms of this Agreement, the City Engineer will accept the completed public Subdivision Improvements.

**22. PARK DEDICATION.** The Developer has previously satisfied park dedication requirements for all the areas to be platted within the Wildflower at Lake Elmo Preliminary Plat as part of the Wildflower at Lake Elmo 1<sup>st</sup> Addition Development Agreement. No fees in lieu of land dedication are required for this Subdivision.

**23. VILLAGE AREA AUAR FEE.** The Developer shall be responsible for the payment of the Village Area Alternative Urban Areawide Review (AUAR) fee as adopted by the City Council with respect to the environmental review completed by the City. The Village Area Alternative Urban Areawide Review (AUAR) fee in the amount of \$230.00 per REC shall be paid by the

Developer prior to the City recording the final plat. The total amount to be paid by the Developer is \$5,750.00

**24. SANITARY SEWER AND WATER UTILITY AVAILABILITY CHARGES (SAC AND WAC).** The Developer shall be responsible for the payment of all sewer availability charges (SAC) and all water availability charges (WAC) with respect to the Subdivision Improvements required by the City and any state or metropolitan government agency.

The sewer availability charge (SAC) in the amount of \$3,000.00 per REC shall be paid by the Developer to the City prior to recording the final plat. The total amount to be paid by the Developer is \$75,000.00.

The water availability charge (WAC) in the amount of \$3,000.00 per REC shall be paid by the Developer to the City prior to recording the final plat. The total amount to be paid by the Developer is \$75,000.00.

In addition, a sewer connection charge in the amount of \$1,000.00 per REC, a Metropolitan Council sewer availability charge in the amount of \$2,485.00 per REC, and a water connection charge in the amount of \$1,000.00 per REC will be payable by the Developer and will be collected by the City at the time the building permit is issued for each lot.

**25. STREET LIGHTS.** The Developer is responsible for the cost of street light installation consistent with a street lighting plan approved by the City. Before the City signs the final plat, the Developer shall post a Security for street light installation consistent with the approved plan. The required Security is \$30,000 and consist of six decorative lights at \$6000 each. The Developer shall also pay the City \$129/light (\$645) to reimburse the City for the first year operating costs for the street lights.

**26. WETLAND MITIGATION.** The Developer shall complete wetland mitigation/restoration in accordance with the approved Plans and in accordance with any applicable Watershed or agency permits. If the mitigation work is found to be incomplete or restoration is unsuccessful,

the City may draw down the Security at any time during the warranty period to perform the work if the Developer fails to take corrective measures after being provided reasonable notice by the City.

**27. BUILDING PERMITS/CERTIFICATES OF OCCUPANCY.**

- A. No building permit shall be issued for any lot within a phase of the Subdivision identified in a City Preapproved Phasing Plan, until such time that sanitary sewer and water mains have been tested and approved by the City in such phase; storm sewer inverts have been verified by the City in such phase; curb and gutter and one lift of asphalt have been installed and tested for all public streets in such phase; property monuments have been installed in such phase; lot grading and lot drainage has been verified and approved by the City in such phase through as-built lot corner elevations and as-built elevations for all emergency overflow elevations and downstream drainage systems;; boulevard grading has been completed within the entire right-of-way (without hold down grading for the future sidewalk or any other improvements); and street and traffic control signs are installed. A “Preapproved Phasing Plan” is defined as a phased construction plan that has been submitted by the Developer and approved by the City in advance of the preconstruction meeting for the Subdivision. Once the construction has started, the City will not consider revisions to the Preapproved Phasing Plan for the purpose of issuing building permits.
  
- B. Issuance of a single building permit for a “model home” may be authorized by the City Planning Director prior to the completion of the Subdivision Improvements described in paragraph 27 (A) above, if there is safe public access to the lot that is sufficient to allow construction to proceed and there is a grading as-built plan approved by the City for the lot and all downstream storm water drainage facilities.

However, the City will not issue a certificate of occupancy for any “model home” until all conditions identified in paragraph 27 (A) above have been completed. The Developer shall use the model home only for real estate sales purposes and no other purposes.

- C. Prior to issuance of building permits, wetland buffer monuments shall be placed in accordance with the City’s zoning ordinance. The monument design shall be approved by the Planning Department.
- D. Breach of the terms of this Agreement by the Developer, including nonpayment of billings from the City, shall be grounds for denial of building permits, certificates of occupancy, and withholding of other permits, inspection or actions and the halting of all work in the Subdivision.
- E. If building permits are issued prior to the acceptance of the public Subdivision Improvements by the City, the Developer assumes all liability and costs resulting in delays in completion of public Subdivision Improvements and damage to public Subdivision Improvements caused by the City, Developer, the Developer’s contractors, subcontractors, materialmen, employees, agents, or any third parties.
- F. If building permits are issued prior to the construction of front yard sidewalks or trails, the Developer assumes all responsibility for the coordination, liability and costs to:
  - 1) ensure that the sidewalks and trails are constructed prior to any driveways for any lots with sidewalks or trails; 2) that the sidewalks and trails are constructed continuously from end of street to end of street without exceptions or gaps in the sidewalk or trail; 3) that there is a stop work order on all building construction for impacted lots during the sidewalk and trail construction and curing periods to prohibit traffic prior to City approval; and 4) that all boulevard grading and restoration re-work is completed immediately following the sidewalk or trail construction.

No sewer and water connection permits may be issued until the streets needed for access have

been paved with a bituminous surface and the utilities are tested and approved by the City Engineer.

**28. RESPONSIBILITY FOR COSTS.**

- A. In the event that the City receives claims from labor, materialmen, or others that work required by this Agreement has been performed and the amounts due to them have not been paid, and the laborers, materialmen, or others are seeking payment from the City, the Developer hereby authorizes the City to commence an Interpleader action pursuant to Rule 22, Minnesota Rules of Civil Procedure for the District Courts, to draw upon the Security in an amount up to 125 percent of the claim(s) and deposit the funds in compliance with the Rule, and upon such deposit, the Developer shall release, discharge, and dismiss the City from any further proceedings as it pertains to the funds deposited with the District Court, except that the Court shall retain jurisdiction to determine attorneys' fees pursuant to this Agreement.
- B. Except as otherwise specified herein, the Developer shall pay all costs incurred by it or the City in conjunction with the development of the Subdivision, including but not limited to legal, planning, engineering, and inspection expenses incurred in connection with the City's approval and acceptance of the plat and the Subdivision, the preparation of this Agreement, the City's review of construction plans and documents, and all costs and expenses incurred by the City in monitoring and inspecting development of the Subdivision. All amounts incurred and due to the City at the time of the recording of the final plat must be fully paid by the Developer prior to the City executing and releasing the final plat for recording.
- C. The Developer shall hold the City and its officials, employees, and agents harmless from claims made by itself and third parties for damages sustained or costs incurred resulting from the City's approval of the plat and the development of the Subdivision.

The Developer shall indemnify the City and its officials, employees, and agents for all costs, damages, or expenses which the City may pay or incur in consequence of such claims, including attorneys' fees.

- D. The Developer shall reimburse the City for costs incurred in the enforcement of this Agreement, including reasonable engineering and attorneys' fees.
- E. The Developer shall pay, or cause to be paid when due, and in any event before any penalty is attached, all special assessments referred to in this Agreement. This is a personal obligation of the Developer and shall continue in full force and effect even if the Developer sells one or more lots, the entire Property, or any portion of it.
- F. The Developer shall pay in full all bills submitted to it by the City for obligations incurred under this Agreement within 30 days after receipt. Bills not paid within 30 days shall be assessed a late fee per the City adopted fee schedule. Upon request, the City will provide copies of detailed invoices of the work performed by the City and its consultants.

## **29 CITY PAYMENTS.**

The City shall reimburse the Developer in the amount of \$3,208.00 for oversizing costs associated with the installation of 12 inch sanitary sewer as identified on the Plans. The City shall also reimburse the Developer in the amount of \$5,288.00 for oversizing costs associated with the installation of 12 inch water main as identified on the Plans. City payments shall be made within thirty (30) days of the City's final acceptance of the Improvements, but only if the Developer is not in default to this Contract. This payment by the City shall be the City's only responsibility with regard to construction of the Improvements and in no case shall act as a waiver of any other right of the City under this Contract or under applicable laws, ordinances or rules.

**30. SPECIAL PROVISIONS.** The following special provisions shall apply to the

Subdivision:

- A. Implementation of the recommendations listed in the March 1, 2018 engineering memorandum.
- B. The Developer must obtain a sign permit from the City Building Official prior to installation of any subdivision identification signs.
- C. All public trails shall be located within outlots, be at least 30' in width, and either be dedicated to the City in the plat or an easement in a form acceptable to the City be provided. The title insurance policy to be provided to the City shall insure the City's interests in this property.
- D. The Developer shall enter into a Landscape License Agreement with the City that clarifies the individuals or entities responsible for maintenance of any landscaping installed in areas outside of land dedicated as public park and open space on the final plat.

**30. MISCELLANEOUS.**

- A. The Developer may not assign this Agreement without the written permission of the City Council. The Developer's obligations hereunder shall continue in full force and effect even if the Developer sells one or more lots, the entire Property, or any portion of it.
- B. Retaining walls that require a building permit shall be constructed in accordance with plans and specifications prepared by a professional engineer licensed by the State of Minnesota. Following construction, a certification signed by the design engineer shall be filed with the City Engineer evidencing that the retaining wall was constructed in accordance with the approved Plans. All retaining walls identified on the Plans or by special conditions referred to in this Agreement shall be constructed

before any other building permit is issued for a lot on which a retaining wall is required to be built.

C. Legal documents regarding homeowner association declarations, covenants, and restrictions shall be submitted to the City prior to recording of the final plat for review and approval by the City Attorney.

D. The Developer shall take out and maintain or cause to be taken out and maintained until six months after the City has accepted the public Subdivision Improvements, public liability and property damage insurance covering personal injury, including death, and claims for property damage which may arise out of Developer's work or the work of its subcontractors or by one directly or indirectly employed by any of them.

Limits for bodily injury and death shall be not less than \$500,000 for one person and \$1,500,000 for each occurrence; limits for property damage shall be not less than \$200,000 for each occurrence; or a combination single limit policy of \$1,500,000 or more. The City shall be named as an additional insured on the policy, and the Developer shall file with the City a certificate of insurance evidencing coverage prior to the City signing the plat. The certificate shall provide that the City must be given 30 days' advance written notice of the cancellation of the insurance.

E. Third parties shall have no recourse against the City under this Agreement.

F. If any portion, section, subsection, sentence, clause, paragraph, or phrase of this Agreement is for any reason held invalid, such decision shall not affect the validity of the remaining portion of this Agreement.

G. The action or inaction of the City shall not constitute a waiver or amendment to the provisions of this Agreement. To be binding, amendments or waivers shall be in writing, signed by the parties and approved by written resolution of the City Council.

The City's failure to promptly take legal action to enforce this Agreement shall not be a waiver or release.

- H. This Agreement shall run with the land and may be recorded against the title to the Property at the Developer's expense. The Developer covenants with the City, its successors and assigns, that the Developer has fee title to the Property being final platted and has obtained consents to this Agreement, in the form attached hereto, from all parties who have an interest in the Property, including, but not limited to, mortgagees; that there are no unrecorded interests in the Property being final platted; and that the Developer will indemnify and hold the City harmless for any breach of the foregoing covenants.
- I. Each right, power or remedy herein conferred upon the City is cumulative and in addition to every other right, power or remedy, express or implied, now or hereafter arising, available to City, at law or in equity, or under any other agreement, and each and every right, power and remedy herein set forth or otherwise so existing may be exercised from time to time as often and in such order as may be deemed expedient by the City and shall not be a waiver of the right to exercise at any time thereafter any other right, power or remedy.
- J. The Developer represents to the City that the Subdivision and the Subdivision Improvements comply or will comply with all City, County, metropolitan, state, and federal laws and regulations, including but not limited to: subdivision ordinances, zoning ordinances, and environmental regulations. If the City determines that the Subdivision is not in compliance, the City may, at its option, refuse to allow construction or development work in the Subdivision until it is brought into compliance. Upon the City's demand, the Developer shall cease work until there is compliance.

**31. EVENTS OF DEFAULT.** The following shall be "Events of Default" under this

Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement, any one or more of the following events:

- A. Subject to unavoidable delays, failure by the Developer to commence and complete construction of the public Subdivision Improvements pursuant to the terms, conditions and limitations of this Agreement.
- B. Failure by the Developer to substantially observe or perform any material covenant, condition, obligation or agreement on its part to be observed or performed under this Agreement.

**32. REMEDIES ON DEFAULT.** Whenever any Event of Default occurs, the City, subject to any rights of third parties agreed to by the City pursuant to this Agreement, or otherwise by written, executed instrument of the City, may take any one or more of the following:

- A. The City may suspend its performance under the Agreement until it receives assurances from the Developer, deemed adequate by the City, that Developer will cure its default and continue its performance under the Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.
- B. The City may initiate such action, including legal or administrative action, as is necessary for the City to secure performance of any provision of this Agreement or recover any amounts due under this Agreement from the Developer, or immediately draw on the Security, as set forth in this Agreement.

**33. ENFORCEMENT BY CITY; DAMAGES.** The Developer acknowledges the right of the City to enforce the terms of this Agreement against the Developer, by action for specific performance or damages, or both, or by any other legally authorized means. In the event of a default by the Developer as to construction or repair of any of the Subdivision Improvements or any other work or undertaking required by this Agreement, the City may, at its option, perform the

work and the Developer shall promptly reimburse the City for any expense incurred by the City. This Agreement is a license for the City to act, and it shall not be necessary for the City to seek an order from any court for permission to enter the Subdivision for such purposes. If the City does such work, the City may, in addition to its other remedies, levy special assessments against the land within the Subdivision to recover the costs thereof. For this purpose, the Developer, for itself and its successors and assigns, expressly waives any and all procedural and substantive objections to the special assessments, including, but not limited to, hearing requirements, and any claim that the assessments exceed the benefit to the land so assessed. The Developer, for itself and its successors and assigns, also waives any appeal rights otherwise available pursuant to Minnesota Statutes Section 429.081.

The Developer also acknowledges that its failure to perform any or all of the Developer's obligations under this Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of this Agreement.

**34. WARRANTY.** During the warranty period, the Developer warrants that all Subdivision Improvements will be free from defects and that they will continue to meet all technical specifications and standards. During the warranty period, the Developer agrees to repair or replace any Subdivision Improvement, or any portion or element thereof, which shows signs of failure, normal wear and tear excepted. If the Developer fails to repair or replace a defective Subdivision Improvement during the warranty period, the City may repair or replace the defective portion and may use the Security to reimburse itself for such costs. The Developer agrees to reimburse the City fully for the cost of all Subdivision Improvement repair or replacement if the cost thereof exceeds the remaining amount of the Security. Such reimbursement must be made within 45 days of the date upon which the City notifies the Developer of the cost due under this

paragraph. The Developer hereby agrees to permit the City to specially assess any unreimbursed costs against any lots in the Subdivision which have not been sold to home buyers if the Developer fails to make required payments to the City. The Developer, on behalf of itself and its successors and assigns, acknowledges the benefit to the lots within the Subdivision of the repair or replacement of the Subdivision Improvements and hereby consents to such assessment and waives the right to a hearing or notice of hearing or any appeal thereon under Minnesota Statutes, Chapter 429.

- A. The required warranty period for all work relating to the public sewer and water shall be two years from the date of final written City acceptance of the work.
- B. The required warranty period for all work relating to street construction, including concrete curb and gutter, sidewalks and trails, materials and equipment shall be subject to one year from the date of final written acceptance of the work.
- C. The required warranty period for sod, trees, and landscaping is two years from the date of final written City acceptance of the installation.

**35. SUMMARY OF SECURITY REQUIREMENTS.** To guarantee compliance with the terms of this Agreement, payment of special assessments, payment of the costs of all public Subdivision Improvements, and construction of all public Subdivision Improvements, the Developer shall furnish the City with an irrevocable letter of credit or a cash escrow or a combination of a cash escrow and letter of credit (the "Security") in the amount of \$1,523,583. The bank originating the letter of credit shall be determined by the City to be solvent and creditworthy. The letter of credit shall substantially be in the form attached to this Agreement and must be approved by the City. The amount of the Security was calculated as itemized on **Exhibit C**. If at any time the City reasonably determines that the bank issuing the letter of credit no longer satisfies the City's requirements regarding solvency and creditworthiness, the City shall notify the Developer and the Developer shall provide to the City within 45 days a substitute for the letter of

credit from another bank meeting the City's requirements. If the Developer fails to provide the City within 45 days with a substitute letter of credit from an issuing bank satisfactory to the City, the City may draw under the existing letter of credit.

This breakdown is for historical reference; it is not a restriction on the use of the Security. The City may draw down the Security, without notice, for any violation of the terms of this Agreement or if the Security is allowed to lapse prior to the end of the required term. If the required public Subdivision Improvements are not completed at least 30 days prior to the expiration of the Security, the City may also draw it down. If the Security is drawn down, the proceeds shall be used by the City to cure the default.

**36. REDUCTION OF SECURITY.** Upon written request by the Developer and upon receipt of proof satisfactory to the City Engineer that work has been completed in accordance with the approved Plans and the terms of this Agreement and that all financial obligations to the City have been satisfied, the City Engineer may approve reductions in the Security in the following instances:

A.

A. Up to 75 percent of the Security associated with the itemization on **Exhibit C** may be released upon completion of the following key milestones of the project as determined by the City Engineer:

1. Construction Categories 2 and 3: The amount of \$237,671 may be released when all sanitary sewer and watermain utilities have been installed, all testing and televising has been successfully completed, sanitary sewer as-built inverts have been verified, and the utilities are considered ready for use by the City Engineer.
2. Construction Categories 4 and 5: The amount of \$797,683 may be released when all streets, sidewalks, and storm sewer have been installed and tested, and have been found to be complete to the satisfaction of the City Engineer

including all corrective work for any identified punch list items and including verification of storm sewer as-built inverts, but not including the final wear course.

3. Construction Categories 6-10 and 14-17: The amount of \$61,864 may be released when all remaining Developer's obligations under this Agreement have been completed including: (1) bituminous wear course; (2) street lighting and private utilities; (3) trails; (4) bio retention facilities; (5) iron monuments for lot corners have been installed; (3) all financial obligations to the City satisfied; (4) the required "record" plans in the form of the City standards have been received and approved by the City; and (5) the public Subdivision Improvements are accepted by the City Engineer and the City Council.
  4. Construction Categories 11, 12 and 13: The amount of \$45,469 may be released when landscaping Subdivision Improvements have been installed to the satisfaction of the City including all corrective work for any identified punch list items.
- B. Twenty-five percent of the original Security amount, excluding grading and landscaping improvements shall be retained until: (1) all Subdivision Improvements have been fully completed and accepted by the City, including all corrective work and warranty punch list items; (2) all financial obligations to the City have been satisfied; and (3) the warranty period has expired.
  - C. Twenty-five percent of the original Security amount associated with landscaping shall be retained by the City until: (1) all landscaping Subdivision Improvements have been fully completed and accepted by the City, including all corrective work and warranty punch list items being completed by the Developer; (2) all financial obligations to the City have been satisfied; and (3) the warranty period has expired.
  - D. In addition to the above project milestone based Security reductions, the

Developer may submit a written request and upon receipt of proof satisfactory to the City Engineer that work is progressing in accordance with the approved Plans and the terms of this Agreement and that all financial obligations to the City have been satisfied, the City Engineer may approve a one-time reduction in the Security for Construction Categories 2-5 in an amount not to exceed 50 percent of the initial Security amount. This one-time Security reduction does not apply to Categories 4-5 if boulevard sidewalks or trails have not been installed.

E. It is the intent of the parties that the City at all times have available to it Security in an amount adequate to ensure completion of all elements of the Subdivision Improvements and other obligations of the Developer under this Agreement, including fees or costs due to the City by the Developer. To that end and notwithstanding anything herein to the contrary, all requests by the Developer for a reduction or release of the Security shall be evaluated by the City in light of that principle.

**37. SUMMARY OF CASH REQUIREMENTS.** The following is a summary of the cash requirements under this Agreement which must be paid to the City prior to recording the final plat:

Sewer Availability Charge (SAC):	\$75,000
Water Availability Charge (WAC):	\$75,000
Park Dedication:	\$0
AUAR Fee:	\$5,750
Special Assessments Due:	\$0
Street Light Operating Fee:	\$645
City Base Map Upgrading (\$25.00 per REU):	\$625
City Engineering Administration Escrow:	\$50,000
<b>TOTAL CASH REQUIREMENTS:</b>	<b>\$207,020</b>

**38. NOTICES.** Required notices to the Developer shall be in writing, and shall be either hand delivered to the Developer, its employees or agents, or mailed to the Developer by certified mail at the following address: Robert Engstrom Companies, 4801 West 81st Street, #101,

Bloomington, MN. Notices to the City shall be in writing and shall be either hand delivered to the City Administrator, or mailed to the City by certified mail in care of the City Administrator at the following address: Lake Elmo City Hall, 3880 Laverne Avenue N. Lake Elmo, Minnesota 55042.

**39. EVIDENCE OF TITLE.** The Developer shall furnish the City with evidence of fee ownership of the property being platted by way of a title insurance policy dated not earlier than February 8, 2018.

**40. COMPLIANCE WITH LAWS.** The Developer agrees to comply with all laws, ordinances, regulations, and directives of the state of Minnesota and the City applicable to the Subdivision. This Agreement shall be construed according to the laws of the Minnesota.

**41. SEVERABILITY.** In the event that any provision of this Agreement shall be held invalid, illegal, or unenforceable by any court of competent jurisdiction, such holding shall pertain only to such section and shall not invalidate or render unenforceable any other provision of this Agreement.

**42. NON-WAIVER.** Each right, power, or remedy conferred upon the City by this Agreement is cumulative and in addition to every other right, power or remedy, express or implied, now or hereafter arising, or available to the City at law or in equity, or under any other agreement. Each and every right, power, and remedy herein set forth or otherwise so existing may be exercised from time to time as often and in such order as may be deemed expedient by the City and shall not be a waiver of the right to exercise at any time thereafter any other right, power, or remedy. If either party waives in writing any default or nonperformance by the other party, such waiver shall be deemed to apply only to such event and shall not waive any other prior or subsequent default.

**43. COUNTERPARTS.** This Agreement may be executed simultaneously in any number of counterparts, each of which shall be an original and shall constitute one and the same Agreement.

## FORM OF IRREVOCABLE LETTER OF CREDIT

No. \_\_\_\_\_

Date: \_\_\_\_\_

TO: City of Lake Elmo

Dear Sir or Madam:

We hereby issue, for the account of \_\_\_\_\_ (Name of Developer) and in your favor, our Irrevocable Letter of Credit in the amount of \$\_\_\_\_\_ available to you by your draft drawn on sight on the undersigned bank.

The draft must:

- a) Bear the clause, "Drawn under Letter of Credit No. \_\_\_\_\_, dated \_\_\_\_\_, 20\_\_\_\_, of (Name of Bank)" \_\_\_\_\_;
- b) Be signed by the Mayor or City Administrator of the City of Lake Elmo.
- c) Be presented for payment at \_\_\_\_\_ (Address of Bank) \_\_\_\_\_, on or before 4:00 p.m. on \_\_\_\_\_, 20\_\_\_\_.

This Letter of Credit shall automatically renew for successive one-year terms unless, at least 45 days prior to the next annual renewal date (which shall be \_\_\_\_\_ of each year), the Bank delivers written notice to the Lake Elmo City Administrator that it intends to modify the terms of, or cancel, this Letter of Credit. Written notice is effective if sent by certified mail, postage prepaid, and deposited in the U.S. Mail, at least 45 days prior to the next annual renewal date addressed as follows: City Administrator, City Hall, 3880 Laverne Ave. N. Lake Elmo Minnesota 55042 and is actually received by the City Administrator at least 30 days prior to the renewal date.

This Letter of Credit sets forth in full our understanding which shall not in any way be modified, amended, amplified, or limited by reference to any document, instrument, or agreement, whether or not referred to herein.

This Letter of Credit is not assignable. This is not a Notation Letter of Credit. More than one draw may be made under this Letter of Credit.

This Letter of Credit shall be governed by the most recent revision of the Uniform Customs and Practice for Documentary Credits, International Chamber of Commerce Publication No. 500.

We hereby agree that a draft drawn under and in compliance with this Letter of Credit shall be duly honored upon presentation.

BY: \_\_\_\_\_
