

## STAFF REPORT

DATE: November 17, 2020

**REGULAR**

ITEM #:

**TO:** City Council

**FROM:** Dustin Kalis, Fire Chief

**AGENDA ITEM:** Purchase CV-1 Replacement and Repurpose Vehicle for Department Use

**REVIEWED BY:** Kristina Handt, City Administrator

---

### BACKGROUND:

The 2020-2024 Capital Improvement Plan (CIP) included the replacement of CV-1 (2015 Tahoe) in 2020. The CV-1 replacement (2021 Chevrolet Tahoe Special Service Vehicle) will be utilized by the Fire Chief as an emergency response and incident command vehicle on a 24-hour basis as well as weekday operations vehicle for fire department and city duties. The Tahoe SSV is designed as a purpose built emergency response vehicle and will provide better amenities for the purpose of running Fire Command and have better interior storage capabilities for fire and ems equipment.

### ISSUE BEFORE COUNCIL:

Should the City Council approve the purchase of the 2021 Chevrolet Tahoe SSV as recommended by staff, as outlined in the 2020 Capital Improvement Plan?

### PROPOSAL DETAILS/ANALYSIS:

Proceeding with this purchase will benefit the city and its citizens with an updated incident command vehicle that is purpose designed as an emergency response vehicle and will provide better features for the purpose of incident command and have better interior storage capabilities for fire and ems equipment. While the previous plan had been to sell the 2015 Tahoe when a replacement arrives, staff is now recommending that vehicle be retained by the fire department to improve service levels in a new EMS response model (discussed in previous agenda item) and would be used during the day by the full-time fire inspector position to be hired in 2021. Repurposing of the 2015 Chevrolet Tahoe as a fire department response vehicle will allow the department to respond to certain medical incidents in more appropriate manner while also giving the department additional flexibility in staffing.

Public Safety Committee approved the proposal 4 – 0 on November 9, 2020.

### FISCAL IMPACT:

Purchase of this vehicle shall not exceed \$62,000 and will be funded through the vehicle replacement fund as identified in the 2020 CIP. This amount exceeds the original 2020 CIP amount of \$48,500 by \$13,500. The updated cost reflects current pricing and equipment replacement not originally planned for this vehicle.

- 2021 Chevrolet Tahoe SSV Price: \$39,885.76
- Emergency Lighting, Siren, Controls and Console: \$12,000
- 800 MHz Radio: \$4,600
- Vehicle Graphics: \$2,500
- Miscellaneous Equipment/Tools/Registration/Needs: \$3,000

Approximate Trade-In Value (Kelly Blue Book): \$24,000

OPTIONS:

- Approve purchase of the 2021 Chevrolet Tahoe SSV and repurpose the 2015 Chevrolet Tahoe as a general fire department response vehicle.
- Approve purchase of the 2021 Chevrolet Tahoe SSV and declare the 2015 Tahoe as excess equipment and sell through public auction.
- Do not approve purchase.
- Direct staff to further research need for purchase.

RECOMMENDATION:

**Motion to approve the purchase of the 2021 Chevrolet Tahoe SSV and repurpose the 2015 Chevrolet Tahoe as a general fire department response vehicle.**

- State Contract Pricing for 2021 Chevrolet Tahoe Special Service Vehicle

## 2021 CHEVROLET TAHOE 4X4 SSV - Proposed Lake Elmo FD Spec - Ranger Chevrolet

To handle the dynamic load of police pursuits, Chevrolet worked with Bridgestone to develop a pursuit-rated all-season tire. The Firestone Firehawk Pursuit tires, mounted to 20-inch steel wheels, were tested by Chevrolet at multiple race tracks and play a large role in the PPV's improved stopping distance, which has been reduced by 11 feet from 62 to 0 mph on dry surfaces compared to the 2020 model. PPV MODEL ONLY

Both PPV and SSV packages benefit from the SUV's completely new design, which offers class-leading interior space. The new Tahoe police-specific front seats provide additional hip room, allowing officers' utility belts to fit more comfortably. 2021 Tahoe police vehicles offer 70.3 cubic feet of cargo volume behind the second-row seat, which is 18.3 cubic feet more than the next largest pursuit-rated SUV competitor. Rear door openings are now 13 percent (3.5 inches) wider than the previous generation to ease the loading of handcuffed passengers.

The all-new independent rear suspension and longer wheelbase dramatically improve handling and ride smoothness for both civilian and law enforcement applications, particularly on uneven pavement and unpaved surfaces. The exterior design is based on the new Tahoe Z71 trim, which features a rugged front grille, higher approach angle and front skidplate.

Technology is more important than ever as officers can get work done while parked using an available 4G LTE Wi-Fi® Hotspot. Standard HD Rear Vision Camera\* and Rear Park Assist\* can help officers prevent collisions when backing up, while standard Hitch Guidance\* helps officers attach a trailer. Unlike pursuit-rated SUV competitors, Tahoe offers an available Rear Camera Mirror\* to provide a wide, less obstructed view behind the vehicle compared to a traditional rearview mirror. It is especially helpful with police cabin obstructions like cargo partitions, passengers and K9 kennels common in police vehicles. New to 2021 Tahoe police vehicles is standard keyless entry and push-to-start ignition, which allow police officers to leave their keys on their belts for simpler and quicker use.

New Standard feature is Protected idle allows vehicle engine to remain idling and vehicle immobilized while FOB is outside vehicle (Included and only available (9C1) Police Vehicle or (5W4) Special Service Vehicle.)A \$244.00 option on Ford Utility.

Rear Air and Heat needed for K-9's. A \$573.00 extra on Ford. Skid Plates are also all standard a \$315.00 upcharge. Dual Batteries system also standard and not available on the Ford Utility.

All-new 10-speed transmission with on-dash button selector creates more space for emergency equipment and upfits†
