CONSENT

AGENDA ITEM: Oakdale Sewer Service Agreement

TO: Mayor and Council

SUBMITTED BY: Kristina Handt, City Administrator

BACKGROUND:

The City of Lake Elmo has been working with Oakdale to establish a sanitary sewer connection to Oakdale to serve the 180 acres located along Ideal Avenue and County State Aid Highway 14 (CSAH 14). The general terms of the agreement are outlined in the October 2020 letter from the City of Oakdale (attached). At the August 17th meeting, council approved a cooperative agreement for the construction of the lift station. This agreement was approved by Oakdale the following week along with the sewer service agreement contingent upon Lake Elmo approving the sewer service agreement.

Last fall Oakdale contracted with SEH to review their system capacity for serving the 180 acres in Lake Elmo. That study found that the lift station would need to increase in size but that no other capital improvements would be needed at this time. Using the information from that study and the flows engineering used in the master plan process in early 2020 for the 180 acres, Oakdale also contracted with Baker Tily to do a cost allocation analysis to arrive at charges for Lake Elmo.

ISSUE BEFORE COUNCIL:

Should the council approve the sewer service agreement with Oakdale?

PROPOSAL DETAILS/ANALYSIS:

Included in your packet is the sewer service agreement. This governs the costs to Lake Elmo for Oakdale providing sewer to the 180 acres on Ideal Ave. The agreement includes two exhibits. Exhibit A-Lake Elmo Sewer Cost Allocation Concept which has Lake Elmo paying for a pro-rated portion of Oakdale's sewer administration, lift station maintenance and collection system maintenance costs. Exhibit B-Sewer Cost Allocation to Serve 180 Acres is a spreadsheet where the pertinent data is entered each year to calculate the charges. Council discussed this agreement at their September 14th work session.

FISCAL IMPACT:

To be determined based upon usage and expenses.

RECOMMENDATION:

If removed from the consent agenda

"Motion to approve the Cooperative Service Agreement Between the City of Oakdale and the City of Lake Elmo for the Costs Associated with Providing Sanitary Sewer Services."

ATTACHMENTS:

- Sewer Service Agreement
- Lake Elmo Sewer Cost Allocation Concept
- Sewer Cost Allocation to Serve 180 Acres

COOPERATIVE SERVICE AGREEMENT BETWEEN THE CITY OF OAKDALE AND THE CITY OF LAKE ELMO FOR THE COSTS ASSOCIATED WITH PROVIDING SANITARY SEWER SERVICES

This COOPERATIVE SER	VICE AGREEMENT ("the Agreement"), is made and entered
into this day of	, 2021 (the "Effective Date"), by and between the City of
Oakdale ("Oakdale"), a Minnesota	a municipal corporation, and the City of Lake Elmo ("Lake
Elmo"), a Minnesota municipal cor	poration.

RECITALS

WHEREAS, Lake Elmo has requested, by mutual agreement with Oakdale, to add future sanitary sewer flows from 180-acres of undeveloped land ("Property") in Lake Elmo near Ideal Avenue and County Road 14, which is proposed to be developed with industrial, commercial, and residential uses; and

WHEREAS, the sewage from the Property would flow to Oakdale's existing Lift Station 6 located at Ideal Avenue and Stillwater Boulevard in Oakdale's Sewer District 8, which then flows by gravity through Oakdale's Sewer Districts 9, 11, 7, 12, 15, and 17; and

WHEREAS, prior to adding such future sanitary sewer flows, Oakdale intends to make improvements to its sanitary sewer system on Stillwater Boulevard, including relocation of Lift Station 6 and improvements to related pumps, wet wells, force mains, and other sanitary sewer infrastructure ("Project"); and

WHEREAS, Oakdale and Lake Elmo intend to enter into a cooperative agreement to facilitate Oakdale's construction of the Project and Oakdale and Lake Elmo's share in the costs of the Project; and

WHEREAS, Oakdale and Lake Elmo also intend to enter into this separate Agreement to administer the ongoing obligations related to the Project, including to establish certain responsibilities and charges for Lake Elmo to pay to Oakdale for such future sanitary sewer flows.

NOW THEREFORE, Oakdale and Lake Elmo agree as follows:

AGREEMENT

1. PURPOSE

The purpose of this Agreement is set forth in the above recitals, which are incorporated by reference as if fully set forth herein, and shall consist of this Agreement and Exhibit A ("Lake Elmo Sewer Cost Allocation Concept) and Exhibit B ("Sewer Cost Allocation to Serve 180 Acres").

2. SANITARY SEWER SERVICE

Oakdale agrees to allow Lake Elmo to connect to Oakdale's sanitary sewer system upon completion of the Project in order to allow Lake Elmo to provide sanitary sewer service to the Property.

3. COST PARTICIPATION AND ESTIMATED CHARGES AND ADJUSTMENTS

Lake Elmo shall be responsible for payment of an annual charge to Oakdale for adding future sanitary sewer flows related to the Property. Lake Elmo shall also be responsible for the payment of any annual "true-up" adjustment to Oakdale. The estimated charges and adjustment attributable to Lake Elmo and payable to Oakdale are as set forth in Exhibit A of this Agreement. The charges and annual adjustment listed in Exhibit A are merely estimates and a final reconciliation of such charges and adjustments below shall be completed annually as set forth in Section 4.

4. PAYMENT

- A. Upon completion of the Project, Oakdale shall update Exhibit A to conform the Exhibit to the estimated annual charge.
- B. Each year, Oakdale shall examine sanitary sewer flows related to the Property and invoice Lake Elmo for the charge.
- C. Lake Elmo shall pay one hundred percent (100%) of an invoice amount within thirty (30) days of receipt.

5. MAINTENANCE

Oakdale and Lake Elmo shall properly maintain its sanitary sewer systems according to state law to provide the Property with sanitary sewer service. Upon notification of a possible issue with sanitary sewer service related to this Project, both parties shall immediately inspect their respective sanitary sewer systems to determine the cause of the issue and any required maintenance. Each party shall be responsible for their own maintenance costs regardless of the cause of the issue.

6. INDEMNIFICATION

- A. Oakdale agrees that it will defend, indemnify, and hold harmless Lake Elmo against any and all liability, loss, damages, costs, and expenses which Lake Elmo may hereafter sustain, incur, or be required to pay by reason of any negligent act by the Oakdale, its agents, officials, officers, or employees during the performance of this Agreement.
- B. Lake Elmo agrees that it will defend, indemnify, and hold harmless the Oakdale against any and all liability, loss, damages, costs, and expenses which Oakdale may hereafter sustain, incur, or be required to pay by reason of any negligent act by Lake Elmo, its

- agents, officials, officers, or employees during the performance of this agreement.
- C. To the fullest extent permitted by law, actions by the parties to this Agreement are intended to be and shall be construed as a "cooperative activity." It is the intent of the parties that they shall be deemed a "single governmental unit" for the purposes of liability, as set forth in Minnesota Statutes, Section 471.59, subdivision 1a (b). The parties to this Agreement are not liable for the acts or omissions of another party to this Agreement except to the extent they have agreed in writing to be responsible for the acts or omissions of the other parties as provided for in Minnesota Statutes, Section 471.59, subdivision 1a.
- D. Each party's liability shall be governed by the provisions of Minnesota Statutes, Chapter 466 and other applicable law. The parties agree that liability under this Agreement is controlled by Minnesota Statutes, Section 471.59, subdivision 1a and that the total liability for the parties shall not exceed the limits on governmental liability for a single unit of government as specified in Minnesota Statutes, Section 466.04, subdivision 1(a).

7. DATA PRACTICES

All data collected, created, received, maintained, disseminated, or used for any purposes in the course of this Agreement is governed by the Minnesota Government Data Practices Act, Minnesota Statutes Section 13.01, et seq. or any other applicable state statutes and state rules adopted to implement the Act, as well as state statutes and federal regulations on data privacy.

8. SEVERABILITY

In the event that any provision of this Agreement shall be held invalid, illegal, or unenforceable by any court of competent jurisdiction, such holding shall pertain only to such provision and shall not invalidate or render unenforceable any other provision of this Agreement.

9. TERM AND TERMINATION

This Agreement is effective as of the Effective Date indicated above and shall terminate upon thirty days' notice by either party or upon mutual agreement of the parties.

10. NOTICES

Any notice or correspondence to be given under this Agreement shall be deemed to be given if delivered personally or by mailed postage prepaid, certified mail, return receipt requested:

(a) as to Oakdale: City of Oakdale

1584 Hadley Avenue North

Oakdale, MN 55128

(b) as to Lake Elmo: City of Lake Elmo

3800 Laverne Ave N Lake Elmo, MN 55042 IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the Effective Date.

EXHIBIT A

Lake Elmo Sewer Cost Allocation Concept

[TO BE ADDED]

EXHIBIT B

Sewer cost Allocation to Serve 180 Acres

[TO BE ADDED]

Lake Elmo Sewer Connection

From SHE Memo:

- 200 300 peak GPM
- Flow routing (SHE memo))
 - Lift station 6 within Sewer District 8
 - o Gravity flow to Sewer Districts 9, 11, 7, 12, 15, and 17 to MCES interceptor
 - o 2,700 feet of 10-inch force main from Lift Station 6 to 12-inch gravity sanitary sewer
 - District 12 has lift station all other are gravity
 - New lift station 6 cost \$893,000
- Capacity of each district (page 2 of SEH memo)
- Sewer flow MGD in each district (2020 volumes on page 2 of SHE memo)

Potential allocation method:

- Sewer Administration
 - Personnel service- \$/million gallons flow based on previous year or projected flow with true up
 - Materials and Supplies \$/million gallons flow based on previous year or projected flow with true up
 - Contractual services excluding MCWW Sewer Charges- \$/million gallons flow based on previous year or projected flow with true up
 - MWCC Sewer Charges \$/million gallons flow based on previous year or projected flow with true up
 - Capital and other
 - Need detail on Rental Building to determine allocation basis
 - Depreciation should only use depreciation on assets used by Lake Elmo then base allocation on \$/million gallons flow based on previous year or projected flow with true up
 - Transfers are these to the Utility System Replacement Fund? Probably no allocation if we allocate depreciation expenses
 - Refunds need detail on where these go (customer refunds?) to determine allocation basis
- Maintenance Lift stations if there is a cost breakdown by lift station available, base allocation of \$/million gallons flow based on previous year or projected flow with true up for the two lift stations Lake Elmo flow will pass through. If not, \$/million gallons flow based on previous year or projected flow with true up
- Collection system maintenance Preferred method would be cost per inch-miles of pipe \$/million
 gallons flow based on previous year or projected flow with true up if we can identify the inch-miles
 of pipe Lake Elmo flow will utilize otherwise base it on \$/million gallons flow based on previous
 year or projected flow with true up.

Data needs depending on allocations:

- Lift station 12 capacity
- Length and size of sewer mains by district for all districts (CAFR says 107 miles)
- Length and size of sewer mains routing Lake Elmo flow
- Peaking factor for each district

- MCES sewer charge rate
- Depreciation schedule for assets
 - o Sewer mains
 - Lift stations
 - o Other
