BACKGROUND:

For years the City of Lake Elmo has participated in an Arbor Day Foundation Program. For the past 18 years the City has been part of the Tree City USA program. Last year the city planted nearly 1200 trees within our community developments, parks and open space. In 2022 the City gave out 475 trees as part of its Arbor Day Event.

Each year on the last Friday of the month of April, the people of Minnesota pay special tribute to the vital natural resource that our trees represent and dedicate themselves to the continued vitality of our state's community and rural forest.
