

## STAFF REPORT

DATE: September 19, 2023

**TO:** Mayor & Council  
**FROM:** Clarissa Hadler, Finance Director  
**AGENDA ITEM:** 2024 Budget Information – General Fund, Tax Levy and Public Hearing Date  
**REVIEWED BY:** Kristina Handt, City Administrator

---

### **BACKGROUND:**

The City Council is required by law to adopt a Preliminary Levy for 2024 for Certification to Washington County by September 30, 2023. Once this levy is adopted and certified it cannot be increased; however, it may be decreased before final adoption and certification in December.

### **ISSUE BEFORE COUNCIL:**

1. What changes, if any, should be made to the draft budget?
2. What Preliminary Property Tax Levy would the City Council like to set for certification in September?
3. Public Hearing date for the 2024 Budget and Final Property Tax Levy will be set for Tuesday, December 5, 2023 at 7:00 p.m.

### **OPERATING BUDGETS:**

Attachment #1 includes the entire General Fund Budget. Below are a number of points that provide brief context for changes within department budgets.

#### **Salary and Benefits**

The 2024 preliminary budget is currently being prepared with assumptions of moving staff to the next step of the pay plan on January 1, 2024, including a proposed 3% COLA increase. For new or vacant positions, they are budgeted at the midpoint of the range. Medical benefits are budgeted to increase by 14% as we won't get final numbers until late Sept/early Oct so a contingency has been included at this point. Staff would expect the contingency may be reduced or removed by the time of final adoption in December.

#### **General Fund**

Revenue is expected to decrease from the 2023 Budget in Licenses and Permits and Charges for Services due to effects of a changing housing market. We are currently projecting 250 new homes, with a larger percentage of those being townhomes, which bring lower permit fees.

Total taxes for the operating budget are planned to increase by 17%. That increase will be covered largely by the increase in total tax capacity caused by new development and increased property values, with an increase to the tax rate of 2% over 2023; from 24.064% to 24.547%.

Overall, general government expense budgets are proposed to increase due to continued staffing changes (new/reclassified positions, class and comp implementation 1/1/23, etc.), the added costs of the new City Center facility, and increasing costs such as insurance and IT expenses as the city and the organization continues to grow.

To continue to simplify the city’s chart of accounts, we are closing two budgetary “departments”; communications and city hall. The communications expenses will be incorporated into the administration department. City Center expenses will be allocated to city departments based largely on a formula calculated using square footage of those departments within the building. City Center expenses will also be increasing due to the additional space compared to the old city hall.

The city council budget will increase by 10% due largely to proposed additional conference attendance and tentative increases in LMC dues. The Administrator is encouraging Council to attend the LMC Conference in Rochester in 2024. The administration department increases are due to the aforementioned combination of departments. The overall “Admin plus Communications” budget will decrease by 4.8%.

The elections department will increase due to the presidential election in 2024. The finance department increase is due to tentative increases in insurance and added training and IT expenses for new positions.

The planning and zoning department increases are due to full implementation of the staffing model recommended in the department audit of 2021 and increasing costs for landscape architect services.

The sheriff’s contract budget is increasing as they are recommending an additional deputy starting in 2024.

The fire department is increasing due to paid-on-call salaries related to scheduled duty crew staffing and department training. A clerical error inadvertently kept some other payroll expenses low in 23 when full-time fire fighters were added. Property insurance costs have increased due to the increased value of newer apparatus. Due to the amount of space they have in the City Center, the fire department takes a relatively large portion of those new expenses. IT replacement costs are higher than in 2023.

The building inspections department is increasing due in part to some additional allocations of other departments’ staff time, as well as new proposed software and tablets for web-based applications and on-site inspections.

Public works is comprised of Streets (General Fund), Parks (General Fund), Water, Sewer and Storm Water. Staff time, and many expenses, are allocated across those functions. The streets department 2024 budget is holding steady with just a 1% increase. The Sealcoating & Crack Sealing budget will be removed to a new Street Maintenance Fund, so the amount that was budgeted as a Charges & Services expense will now be reflected as a Transfer to that fund. Parks & Recreation will increase nominally in part to a change in allocation of insurance.

There is an additional transfer of \$100,000 to the vehicle replacement fund in order to address the anticipated deficit in the fund in 2027. This is in addition to the \$200,000 proposed from the building, fire, streets and parks departments. Details regarding Capital expenses and Transfers can be found in the 2024-2033 Draft CIP.

### **Summary of Changes by General Fund Category and Function**

#### **Changes by Category**

	<b>2023 Budget</b>	<b>2024 Proposed</b>	<b>\$ Change</b>	<b>% Change</b>
<b>Personnel</b>	3,432,290	3,928,618	496,328	14%

<b>TOTAL</b>	<b>7,720,521</b>	<b>8,139,250</b>	<b>418,728</b>	<b>5.42%</b>

The large increase in Transfers is due to the new Transfer to Street Maintenance Fund, which correlates to a decrease in Charges & Services. Miscellaneous decreased due to reallocation of city hall and building dept. expenses. Capital Outlay is a Category that varies significantly year-to-year as we make larger purchases and pay for projects out of the General Fund. Personnel expenses continue to increase as we move toward full staffing according to recent organizational studies and developing our public safety departments to meet the needs of a growing community.

### **Debt Service**

The total tax levy is comprised of the General Fund Levy as well as the Debt Levy. The city issued new debt in 2023 which we will begin paying on in 2024. The 2024 levies necessary to pay for existing debt are as follows:

	<b>2023</b>	<b>2024</b>	<b>Change</b>	<b>% Change</b>
2010B	206,656	205,884	-772	
2014A	200,091	103,597	-96,494

<b>Total</b>	<b>2,677,138</b>	<b>2,923,830</b>	<b>246,692</b>	<b>9.21%</b>

Despite some decreases in existing debt payments, the addition of the 2023A bond will cause the overall increase in the debt service levy to be 9.21%.

**Tax Impact**

The total tax capacity for Lake Elmo increased by \$4,197,258 or 13.14%. Fiscal Disparities decreased by \$43,168. In order to remain within the 2% rate increase per the long-term financial management plan, the city would levy a total of \$ 8,922,042, including General Fund and Debt Service levies. This would be an increase of \$1,123,639 over 2023, or 14.4%; due largely to capturing the increased tax capacity caused by new development and increased property values.

	<b>2023</b>	<b>2024</b>
General Fund Levy	5,121,265	5,998,212
Debt Service Levy	2,677,138	2,923,830
<b>TOTAL LEVY</b>	<b>\$ 7,798,403</b>	<b>\$ 8,922,042</b>

In the attached Tax Impact Worksheet, the County utilizes a comparison that calculates the median *increase* in home value. The median increase of residential values was 3.9%. If you had a median value home worth \$554,500 and it increased in value by 3.9%, your tax would increase by approximately \$94.

	<b>2023</b>	<b>2024</b>
<b>Home Value</b>	\$ 554,400 (MVH)	\$ 576,022 (3.9% incr.)
<b>Tax Rate</b>	<b>City Taxes Due</b>

24.545% (proposed 2024)	\$ 1,394	<b>\$ 1,461</b>
		<b>\$ 94 increase</b>

Lake Elmo remains in the bottom half for tax rate compared to other Washington County communities for tax rates set in 2023.
