Sydney Peterson added to 2022 Paralympic Games Roster

Lake Elmo resident Sydney Peterson was added to the Team USA roster for the Winter Paralympic Games Beijing 2022. Peterson recently won three medals in the women's standing competition at the Lillehammer 2021 Para Snow Sports World Championships. The 2022 Paralympic Games will begin on March 4, with Para Nordic competition kicking off March 5.

Business Retention and Expansion Program

The Lake Elmo Economic Development Authority (LEEDA) will be kicking off a Business Retention and Expansion Program in March. LEEDA members will be reaching out to schedule visits with members of our business community to learn more about their business, what's going well, what could be done differently and how LEEDA can help them continue to grow and prosper in Lake Elmo.

With around 300 businesses in Lake Elmo and only 6 LEEDA commissioners, this campaign will take many months and likely continue into 2023. Commissioners will be focusing on businesses in the Old Village area first and then moving towards the I-94 corridor later this year. If you have any questions or would like to schedule a visit contact Kristina Handt at 651.747.3905 or khandt@lakeelmo.org

Elmo

It is not too early to think about how you irrigate this summer. The City of Lake Elmo offers rebates for smart irrigation controllers up to \$200, and rebates for efficient toilets up to \$100. Find out more [here](#).

REMINDER: Winter Parking Ordinance In Effect

Winter parking ordinance prohibits parking on Lake Elmo Streets from Nov. 1 through March 31 between 2:00 AM and 7:00 AM.

Public Works can't clear the roadways with cars blocking their paths!

Eliminating Obstructed Fire Hydrants

To help protect the community, residents are being asked to help keep fire hydrants clear and accessible. Having timely and efficient access to a water supply is critically important for fighting fires. The longer it takes to access the supply, the quicker a fire can spread and the more dangerous it will be for responders. Obstructions cause unnecessary delays when firefighters are forced to take time to locate hidden hydrants, slowing their response.

Many hydrants are hidden by weeds, shrubbery, flowerbeds, posts, fences, snow and other obstructions. Residents are urged to check to see if they have a hydrant in their front yard or somewhere on their property and to “adopt” it, keeping it clear. A path from the street and an area three feet around the hydrant will allow quick access for firefighters and for public works staff completing maintenance.

Please help protect the city, its people and their homes.

Cyphers Logistic Park Draft Alternative Urban Areawide Review Available for Public Comment

LAKE ELMO, Minn. – The City of Lake Elmo has prepared a Draft Alternative Urban Areawide Review (AUAR) and Mitigation Plan to understand the environmental implications of a future redevelopment of a 190-acre area consisting of three parcels located east of I-694, bordered on the west by Ideal Avenue N and Stillwater Boulevard N to the south. Four development scenarios are proposed for evaluation in the AUAR:

Development Scenario 1: Development Scenario 1 land uses includes business park, mixed-use business park, commercial, existing public works, park, ponding, and right-of-way.

Development Scenario 2: Development Scenario 2 land uses includes business park, mixed-use business park, commercial, low density residential, medium density residential, existing public works, park, ponding, and right-of-way.

Development Scenario 3: Development Scenario 3 land uses includes business park, commercial, low density residential, public works, park, ponding, and right-of-way.

Development Scenario 4: Development Scenario 4 land uses includes agricultural, rural residential, public works, and business park. This scenario is consistent with the adopted Comprehensive Plan.

The Draft AUAR and Mitigation Plan can be accessed electronically on City's website at www.lakeelmo.org/. Written comments on the Draft AUAR and Mitigation Plan will be accepted until March 3, 2022 at 4:00 p.m. and should be directed to:

Molly Just, Planning Director
City of Lake Elmo
3800 Laverne Ave N
Lake Elmo, MN 55042

Where & How to Place Your Garbage Can

Garbage and recycling containers need to be placed off the street per MN State Statute 160.2715 (A)(2)

Please Do not place garbage cans in the street. We realize this area is an enticing location to place garbage cans, but it creates a hazard as it narrows the travel lanes creating safety concerns. The cans could get hit by vehicles or create visibility issues. Most garbage trucks are equipped with a hydraulic extending arm that grasps garbage cans. It is recommended that garbage cans be placed at least 3 to 5 feet off the edge of pavement, into your driveway, so they are out of the way of traffic and maintenance vehicles.

Retrieve your garbage cans soon after collection. Garbage cans often sit at the roadside on collection day until the evening. Empty cans are vulnerable to winds and road maintenance operations and could cause a hazard if knocked into the roadway. Prompt removal of empty containers is recommended.

These tips can make garbage collection day safer and easier for all of us. The City of Lake Elmo thanks you for taking time to read this message!

Washington County Sheriff's Update

Nothing can ruin the Christmas spirit faster than becoming the victim of a crime. The Washington County Sheriff's Office has had an uptick in crime in several new developments. All the crimes have been opportunity crimes, meaning it has been easy for criminals. Leaving keys or key fobs in the car, valuables and money in unlocked vehicles is too tempting for the criminals. All the vehicles that were stolen from our city had the keys left in them. No one is hot wiring vehicles or punching ignitions. The break in to vehicles are also not occurring by breaking windows. All

vehicles have been left unlocked. Think of everything in your car in terms of cash value. If you would not leave the equivalent in cash out, do not leave it out in the form you bought it.

This holiday season, the Sheriff's office would like to remind all residents of the following holiday crime prevention tips:

- Lock your vehicle
- Do not leave keys/key fobs in the vehicle
- Do not leave valuables in plain view
- Park in well-lit areas
- Do not leave any personal identifying papers in your vehicle
- Do not leave a vehicle running while unattended.
- Shut and secure garage doors when not in use.

Please contact the Washington County Sheriff's Office if you see a suspicious vehicle or person in your neighborhood. You can call 911 or the non-emergency number, 651-439-9381.

SGT. Erickson

Be SALT SMART!

WATER SOFTENERS

Water softeners account for up to 65% of the chloride that is discharged from municipal wastewater treatment plants statewide.

Hard water is pervasive in our state; thus, water softeners are a common fixture in many Minnesota homes. Conventional water softeners treat hard water by exchanging the hard minerals with sodium and potassium ions. When the system is 'full,' it resets or regenerates by sending a pulse of salt water through the system. Municipal wastewater treatment plants do NOT treat for chloride, meaning that salty water is then discharged to our waterways.

How do I reduce my chloride footprint?

Do you need to soften your water? If you live in a city, check to see whether your water utility softens the water before distribution. This eliminates or decreases the need for a water softener.

Optimize your water softener settings: If you have an older water softener, regeneration generally happens on a timer versus by water use – extending the timing between regeneration cycles will reduce the amount of wastewater produced.

Replace your water softener: Newer water softener models regenerate based on water use versus a timer, using less salt and water.

Don't soften ALL your water: Only soften the water from your hot water taps versus cold water drinking taps.

Reduce your overall water use: Cutting back lessens demand for softened water and conserves our water resources!

**Using more than 1
40-lb bag of salt a
month?**

Check with a water
professional to
optimize softener
efficiency!

Winter 2022 at Lake Elmo Library

Please visit Lake Elmo Library this season for library materials and programs to help you through the long winter nights. While you are here, don't forget to peek at our special window display, a Winter Fairy Village, part of an effort to "Light Up Lake Elmo" by local residents.

We welcome our community families to visit the library for in-person Storytime on most Fridays at 10:30 a.m. Visit washcolib.org/storytime for the online calendar and for links to virtual storytimes and other resources.

Adults are welcome to take part in the Winter Reads program in January and February. Participate by submitting book reviews for a chance to win prizes! Visit the washcolib.org/winter-reads webpage for information and related events.

We look forward to your visit to Lake Elmo Library!

Hours:

Summer Camps

Get your kids outdoors in nature this summer! Learn more about our summer camps for ages 5-14:

February 26

Learn to Be a Weather Tracker

Learn what it takes to be a weather tracker and then track the wind, temperature, snow depth and more. All ages.

March 5

Make a Hiking Stick

Get ready for spring hiking! Join woodworker John Neitge to make your very own hiking stick with a wrapped grip handle. All Ages. \$5/child for supplies.

March 12

Spring Storytime

Join a librarian from Lake Elmo Library for a storytime about the changes coming in spring. All ages.

March 19

Nature-based Handwriting

Angela Mann OT from HOPE Grove will share about the foundations of handwriting and will offer nature based writing activities. All ages.

March 26

Nature Painting

Hike to find inspiration in nature and then create a painting with artist Brianna Siepel. Wear outdoor gear and clothing to paint. All ages. \$5/child for supplies.

SALLY MANZARA INTERPRETIVE NATURE CENTER FOR KIDS! SUMMER CAMPS

where kids of all ages experience the unique natural history and ongoing ecology of Sunfish Lake Park

Sally Manzara Interpretive Nature Center is located next to Sunfish Lake Park in Lake Elmo, Minnesota. The park offers 284 acres of natural area and over 5 miles of trails through forest, wetlands, and prairie.

SUMMER DAY CAMPS

Summer Day Camps are for kids **ages 4-14** and run **Monday - Thursday mornings, 9:00 a.m. - 12:00 p.m.**

Camps are run by instructors based out of the SMINC Nature Center and include hikes and activities in Sunfish Lake Park in Lake Elmo. Camps are **\$175 per session**. Participants bring their own backpack with a mask, snack, water bottle, hat, sunscreen, bug spray and change of clothes if needed. Maximum of 10 campers per camp.

CRITTER CAMP
June 13 - 16
for 4-6 year olds

OUTDOOR ADVENTURES
July 11-14
for 9-12 year olds

NATURE MURAL ART CAMP
June 20-23
for 9-14 year olds

BEES & BUTTERFLIES
August 8-11
for 6-8 year olds

WONDER WEDNESDAYS

Kids ages 5-10 can enjoy a full day of outdoor adventures on select **Wednesdays** from **9:00 a.m. - 3:00 p.m.** and are **\$70 per date**. Participants bring their own backpack with a mask, snack, lunch, water bottle, hat, sunscreen, bug spray and change of clothes if needed. Maximum of 10 campers per camp. Campers will explore the outdoors with different themes including nature art, fishing, bees, birds, hikes and many more adventures enriched with Spanish language. Groups will be organized by age.

June 22

Public Facilities Project Update

- At the November 3 City Council Meeting the City Council awarded bids for the new City Center and Public Works Addition.
- At the January 4, 2022 City Council Meeting the City Council awarded bids for painting at the new City Center

Regular updates and documents are available [here](#).

- 1 New City Hall Entrance
- 2 New Fire Station Expansion
- 3 Council Chambers/Community room addition
- 4 Parking
- 5 Fire Department Parking
- 6 City Hall/Sheriff
- 7 Laverne Avenue

LEO A DALY

CITY OF LAKE ELMO COMBINED CITY HALL & PUBLIC SAFETY FACILITY

The new Lake Elmo City Hall / Public Safety Facility combines City Hall staff and functions, the entire Fire Department, and a satellite office for the Washington County Sheriff's department. This co-location involves renovating and expanding the City-owned Brookfield Office building to concentrate civic resources into a single structure at the historic core of the city. In addition, the Public Works facility will also be expanded to accommodate City growth and expanded service needs.

TOTAL ANTICIPATED PROJECT COST: \$14,600,000
DESIGN COMPLETION: Late summer 2021
CONSTRUCTION COMPLETION: Fall of 2022

MEETING THE DEMANDS OF AN EVOLVING FIRE SERVICE

Lake Elmo currently has two fire stations, Fire Station #1 at 3510 Laverne Ave. N. and Fire Station #2 at 4259 Jamaica Ave. N. This project will consolidate these two stations into a single, state-of-the-art station that will meet the needs of our community and firefighters today and into the future. The building is designed to accommodate increasing call volumes, meet the demands for training and to support our evolving role as all hazard responders.

Due to the changing environment of fire department staffing needs and the impacts of that in relation to incident response times and budget responsibility, the fire department is consolidating to a single station which will allow the department the ability to transition to a staffing model that provides 24/7 coverage from the single station. This change requires the updated facilities like staff dorm rooms, day room and kitchen area, fitness room, staff workspaces and offices.

Educational materials provided by the City of Lake Elmo
 For more information, visit our website: www.lakeelmo.org or contact Kristina Handt, Administrator at KHandt@lakeelmo.org

The current fire stations are too small to accommodate modern apparatus and equipment and cannot provide adequate health protections for our firefighters.

A FUNCTIONAL FIRE STATION

A new, single, state-of-the-art station will meet the needs of our community and firefighters today and into the future. Designed to accommodate our evolving role as all-hazard responders it will:

- Modernize our facilities following best practices in station design.
- Enhance firefighter training with training features incorporated into the building.
- The addition of living quarters will allow the department to transition to a staffing model that provides 24/7 coverage from the single station.
- Improve response times and overall department operations.

DESIGNED FOR FIREFIGHTER HEALTH AND SAFETY

- Distinct spaces to properly decontaminate gear and equipment. Focus to reduce staff exposure to firefighting carcinogens and other toxic materials.
- Properly ventilate the apparatus bay to reduce staff exposure to diesel exhaust and other harmful fumes.
- Space that supports the physical and mental health of staff.
- Clear separation between public and private spaces.

Lake Elmo City Hall, built in 1986, is a very small 2,806 SF. There are insufficient offices for all staff members and the restrooms are not accessible. The council chambers are small, do not provide sufficient space for department heads or members of the public, and lack modern technological updates. City staff have long outgrown this building and have since moved into the Brookfield Building located across the parking lot.

The Brookfield Building was purchased by the City in 2018 as a method of maintaining city functions next to the outgrown City Hall at a lower cost alternative to new construction. It was constructed in 1980 and will require a major overhaul to increase its useful life.

AN EXPANDED AND IMPROVED CITY HALL

- Improved service accessibility
- Community room available for public use
- New council chambers with updated technology
- Additional conference rooms
- Co-locate Washington County Sheriff staff
- Office space for growth of city staff
- Accessible restrooms.
