

EAST OAKDALE PLANNING COMMISSION

February 7, 1962 and February 14, 1962

On February 7, Ed Whitman, Martin Eberhard and Bill Lundquist met with Gary Pettee. Mr. Pettee desires to build a brick factory, also to be used as a sales location, probably on two acres next to Lamperts. These brick are approved for building purposes by FHA, Minneapolis and St. Paul. Mr. Pettee has an option on the franchise for three counties.

We discouraged him on the basis that he would probably not have access to Interstate Highway 94.

On February 14, the meeting was held with Kleis, Eder, Eberhard, Lundquist, Whitman, Schiltgen, Day, Park, Hubenette, Rambo, and Pederson present.

The minutes of the January meeting were approved as written.

Mr. Whitman reported that Mr. Pettee has decided not to ask to rezone the two acres on Highway 12.

Mr. Whitman had sent his letter to the state regarding sewage problems in the trailer court.

W. E. Lundquist, Secretary
