DESCRIPTION OF ISSUE AND PAST COUNCIL ACTION:

As you may recall, the Council adopted a resolution recently that transferred money to cover some remaining sidewalk project expenses and then close the TIF Fund. However, the County has not reimbursed the City for its share of the sidewalk construction expenses and those funds need to be deposited into the TIF Fund. As a result, the TIF Fund will have a balance of approximately \$35,000, which can be spent on the sanitary sewer lining project this year. To clear up the issues involved, the following resolution needs to be adopted.

STAFF RECOMMENDATION:

By approving the consent agenda, the Council adopts Resolution 030816B—A Resolution Authorizing Interfund Loan for Fund 405 Tax Increment Projects.

RESOLUTION 030816B

CITY OF LAUDERDALE COUNTY OF RAMSEY STATE OF MINNESOTA

RESOLUTION AUTHORIZING INTERFUND LOAN FOR FUND 405 TAX INCREMENT PROJECTS

WHEREAS, the City Council adopted Resolution 012616A transferring funds from Capital Improvement Streets Fund (401) to Tax Increment Projects (405) with the intention to close the fund; and

WHEREAS, the City of Lauderdale and Ramsey County had entered into an agreement for cost sharing on the Larpenteur Avenue Streetscape Improvement Project; and

WHEREAS, Ramsey County has not reimbursed the City per the cost sharing agreement so the permanent transfer is not necessary.

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LAUDERDALE, MINNESOTA THAT:

- Section 1. Resolution 012616A is hereby rescinded whereby the permanent transfer of funds is not necessary.
- Section 2. The City hereby authorizes the advance of \$15,284.44 from Capital Improvement Streets Fund (401) as an Interfund Loan. Interest accrues on the principal amount from the date of the advance. The maximum interest rate of interest permitted to be charged is limited to the greater of the rates specified under Minnesota Statutes, Section 270C.40 or Section 549.09 as of the date of the advance. The interest rate shall be 4% and will not fluctuate.
- Section 3. The principal and interest on the Interfund Loan shall be paid upon receipt of the Ramsey County payment for cost share of the Larpenteur Avenue Streetscape Improvement project.

Emotional intelligence reflects one's ability to deal with daily environment challenges and helps predict one's success in life, including professional and personal pursuits. Specifically, this assessment measures five scales: General Mood, Intrapersonal Scales, Interpersonal Scales, Adaptability Scales, and Stress Management Scales.

This assessment can indicate how much energy a new candidates comes to the job with which can be transferred to learning energy, self-confidence, learning agility, adapting to a new environment, etc. This assessment takes approximately 10 minutes to complete. This assessment can be completed on-line.

Work Style Questionnaire

The customized Questionnaire is a document that contains preference questions regarding desired culture, professional values, communication, leadership, professional relationships, vision, motivation, and self-prescribed competency strengths and weaknesses as well as additional specific information related to success for a particular position. The customized Questionnaire takes approximately 1 hour to complete depending upon the needed detail of response. This assessment can be completed on-line.

Mrs. Lynn can add any assessments to this process that will help identify key candidate traits in the process of matching candidates to the organizational culture and position responsibilities.

- 5. Mrs. Lynn will interview the candidates via telephone to learn more about them and verify assessment information.
- 6. Mrs. Lynn will prepare a Summary Report for each candidate and email that to Heather Butkowski for review within 24 hours of the interview process. Mrs. Lynn will be available for discussion about the Summary Reports if desired.
- 7. Once a decision has been made, Mrs. Lynn will send a Summary Assessment Report to each candidate for their information.

Meeting Date	March 8, 2016
ITEM NUMBER	Predatory Offenders Ord.
STAFF INITIAL	HB.
APPROVED BY ADM	IINISTRATOR

DESCRIPTION OF ISSUE AND PAST COUNCIL ACTION:

The Council previously discussed whether to adopt a predatory offender ordinance. The ordinance would limit where level three sex offenders can live within Lauderdale. The restrictions would be around areas where people, especially children, congregate such as parks and day care centers.

Staff prepared a draft ordinance that mirrors what other cities are adopting. The one aspect cities tweak is how far from parks, day care centers, and schools predatory offenders are restricted from living. The ordinance as presented sets the distance at 1,000 feet. That distance does not eliminate housing options for sex offenders within the City. The City's licensed day care centers further restrict the areas where offenders could live but those restriction areas will change as daycare centers come and go.

The City attorney has reviewed the draft and it is ready for adoption during the meeting. Staff placed it under "Public Hearing" on the agenda so the Council can receive feedback prior to deciding how to proceed. The Council may also choose to amend it prior to adoption or have staff work on it further.

STAFF RECOMMENDATION:		
	T .	

CITY OF LAUDERDALE ORDINANCE NO. 16-01

An Ordinance Adding Title 5, Chapter 11 to the Code of Ordinances Regarding Predatory Offenders

The city council of the city of Lauderdale ordains as follows:

SECTION 1. Creating Chapter 11 Predatory Offenders under Title 5 Police Regulations.

SECTIONS:

5-11-1: Findings and Intent

5-11-2: Definitions

5-11-3: Prohibited Location of Residence

5-11-4: Exceptions

5-11-5: Penalties

5-11-1: FINDINGS AND INTENT

Repeat predatory offenders present an extreme threat to public safety. Predatory offenders are likely to use physical violence and to repeat their offenses, and most predatory offenders commit many offenses, have many more victims than are ever reported, and are prosecuted for only a fraction of their crimes. This makes the cost of predatory offender victimization to society at large, while incalculable, unmistakably steep.

It is the intent of this chapter to serve the city's compelling interest to promote, protect, and improve the health, safety, and general welfare of Lauderdale citizens by creating areas around locations where children are known to regularly congregate in concentrated numbers wherein certain predatory offenders are prohibited from establishing temporary or permanent residence.

5-11-2: DEFINITIONS

The following words, terms, and phrases, when used in this chapter, shall have the meanings ascribed to them, except where the context clearly indicates a different meaning:

DESIGNATED PREDITORY OFFENDER: means any person who has been categorized as a Level III predatory offender under Minnesota Statutes Section 244.052, a successor statute, or a similar statute from another state in which that person's risk assessment indicates a high risk of reoffense.

PERMANENT RESIDENCE: means a place where a person abides, lodges, or resides for 14 or more consecutive days.

TEMPORARY RESIDENCE: means a place where a person abides, lodges, or resides for a period of 14 or more days in the aggregate during any calendar year and which is not the person's permanent address, or a place where the person routinely abides, lodges, or resides for a period of four or more consecutive or non-consecutive days in any month and which is not the person's permanent residence.

SCHOOL: means a public or nonpublic elementary or secondary school.

LICENSED CHILD CARE CENTER: means a group child care center currently licensed by Ramsey County or the State of Minnesota.

PUBLIC PLAYGROUND: means a city-owned, improved park or other outdoor area designed, equipped, and set aside primarily for children's play.

5-11-3: PROHIBITED LOCATION OF RESIDENCE

- A. It is unlawful for any designated predatory offender to establish a permanent or temporary residence within 2,000 feet of any school, licensed child-care facility, public playground, or any other place where children are commonly known to regularly congregate.
- B. Measurement of Distance. For purposes of determining the minimum distance separation required by this chapter, the requirement shall be measured by following a straight line from the outer property line of the permanent or temporary residence of the designated predatory offender to the nearest outer property line of the school, licensed child-care facility, public playground, or any other place where children are commonly known to regularly congregate.

5-11-4: EXCEPTIONS

A designated predatory offender residing within a prohibited area as described in 5-11-3 does not commit a violation of this chapter if any of the following apply:

- A. The person established the permanent residence or temporary residence and reported and registered the residence pursuant to Minnesota Statutes Sections 243.166 and 243.167 or a successor statute, prior to March 15, 2016;
- B. The person was a minor when they committed the offense and they were convicted as an adult;
- C. The person is a minor;
- D. DESCRIPTION OF ISSUE AND PAST COUNCIL ACTION:

In January, the Council authorized the city engineer to prepare specifications for this summer's sanitary sewer lining project. To create the specifications, the lines were recently cleaned and televise to identify any potential trouble spots. A few area were found that need extra attention including a protruding tap that will need to be cut out and an offset joint. Those project's specifications are attached along with the anticipated cost of the project.

STAFF RECOMMENDATION:

Motion to approve letting of the plans and authorize bidding of the 2016 sanitary sewer lining project.

ITEM NUMBER	Fence Ordinance		
STAFF INITIAL	#63		
APPROVED BY ADMINISTRATOR			

DESCRIPTION OF ISSUE AND PAST COUNCIL ACTION:

A few months ago, residents that live along Larpenteur Avenue inquired into installing a seven foot privacy fence. Ordinance states that fences over six feet require a building permit. In looking up the requirements of a seven foot fence in the new version of the building code that came out last summer, the building official realized the building code now only requires building permits for fences over seven feet tall. I explained the inconsistencies to the residents and told them staff would have to bring the issue to the Council for discussion.

The question for the Council is whether you will allow property owners to build seven foot tall fences with a fence permit. That is in line with what the zoning ordinance allows, however, the more typical height for a residential fence is six feet (or less).

Aside from this issue, there are a number of other items worth clarifying with an ordinance revision. You will see that staff drafted new language related to the types of materials that are acceptable and unacceptable. The ordinance also differentiates between permanent fences and those used for decorations or gardens.

The ordinance is in an early draft form (ignore the numbering) and has not been reviewed by the city attorney. I anticipate that neighbors on both sides of the fence in question may be at the meeting.
