ITEM: Authorize contracting with Stillwater PC for IT services

SUMMARY AND ACTION REQUESTED: The city council is being asked to authorize the use of Stillwater PC, Tom Wegner, for IT services on an as needed basis at an hourly rate of \$110 per hour. The purpose of this request is to bring in a local specialist to handle IT problems, to upgrade our IT service and to evaluate our IT systems so they function efficiently and cost effectively. The IT service is a totally separate service than a web service. Tom's experience running his own IT business and his location in Lake Elmo along with his local reputation for service including to the city of Lakeland make him a good short term fit. Tom will be moving to Chicago and he will work with us to find a match for future IT services prior to his departure.

*MOTION*

*Move to authorize contracting with Tom Wegner for IT services and to provide him passwords and access codes to the city IT system for this purpose.*
