

# STAFF REPORT

DATE: 01/2/2019 CONSENT

TO: City Council

FROM: Ken Roberts, Planning Director

**AGENDA ITEM**: Woodbury Comprehensive Plan Update - Adjacent Jurisdictional

**Review Comments** 

**REVIEWED BY:** Kristina Handt, City Administrator

Jack Griffin, City Engineer

## **BACKGROUND:**

Woodbury has completed a draft of their 2040 Comprehensive Plan Update and has submitted the proposed plan for adjacent jurisdictional review. The review period for their plan ends January 22, 2019. Staff has prepared draft comments for City's review and consideration.

## **ISSUE BEFORE COUNCIL:**

The City Council is being asked to review and approve Staff comments about the proposed Woodbury Comprehensive Plan Update.

#### PROPOSAL DETAILS/ANALYSIS:

Below is a brief summary and analysis of Woodbury's 2040 Comprehensive Plan update and how it might affect Lake Elmo:

**Introduction.** The City is projected to increase to a population of 87,800 and 32,100 households by 2040, up from a population of 61,961 and 22,594 households since 2010.

**Land Use.** Future land use has generally not changed since the 2030 Comprehensive Plan. The Gold Line Station Area Planning is explained briefly, affordable housing is listed as a goal and it is a goal in the draft plan to prevent conditions that create blight and lead to the need for City intervention.

Parks, Trails, and Open Space. Woodbury plans to study the potential need for new and expanded parks in future development areas as well as methods of land acquisition as needed in future development areas for neighborhood parks; renovate Central Park as well as make improvements to other community parks; study the need for new athletic facilities; continue to establish greenway corridors; continue to plan and build a City-wide trail system; and improve and maintain the City's natural and historic resources.

# **RECOMMENDATION:**

Staff recommends, as part of tonight's consent agenda, that the City make no comment about Woodbury's Draft 2040 Comprehensive Plan.

"Move to make no comment about Woodbury's Draft 2040 Comprehensive Plan."
